Why choose Booth 66?

When considering a photo booth, **ENTERTAINMENT** and guest experience is everything! There are five main characteristics that make a Booth 66 photo booth the best choice for any event... Quality, Customization, Speed, Photo Frame and overall. But what speaks to you?

Here are 5 MUST HAVES for your photo booth.

- 1. Amazing Pictures-** Of course! Who wants lousy pictures? Keep in mind while shopping for photo booths that they are like snowflakes, no two are the same and if you don't choose wisely you can get burned! We use high quality photographer cameras, lighting and mounts in our booths. No web cams here!
- 2. Stellar Props-** Most of us have locked away our inner child and great props will help to set them free. We source out high quality items that help the young and old alike to let loose and strike a pose.
- 3. A Fun Guide-** Having an attendant is crucial for amazing photos. Most of your guests and family are stiff, awkward and slow (no offense, ours are too)! Simply put, the photo booth guide is there to make it simple and make it fun!

4. Action- When looking at different photo booths on the market you need to consider the photo frame. How many people can you fit and how much of them can you see? Our philosophy is that the more the merrier and we love it when guests get a bit wild. By shooting a portrait format on a 4"x6" print you will see that the body movement captured speaks the language of fun.

5. Unlimited Fun- Speaking of fun, the faster the booth, the more photos you can take and the more smiles you will see. Our booths accommodate up to 80 sessions an hour and the process is reset and ready for the next group. The booth becomes a revolving door of fun rather than looking like a carnival ride with a line building throughout the night!

Make Your Mark...

Your day... your theme!

Making sure every element of your wedding fits your "theme" is now the popular norm as brides and grooms want to find a way to represent themselves and who they are together with their wedding decor. Your photo booth should not be the exception to the rule. Not only does Booth 66 leave your guests with a handful of memorable moments from your big day, but we look the part doing it. There are several ways our qualified team of graphic design pros achieve this for each and every client. From the **custom print designs** to the **unique event slides** on the booth and

photo booth slideshow we are sure to fit into your theme and add to the elements that make your wedding you! We will pull together a highly visible, entertainingly interactive photo experience that will not only gain the laughter of your guests, but leave them with a memorable and physical take-away they will treasure forever. Yes, our photo booth will also take care of your guest favors! No more candy in a box or cameras on the tables, but a personalized experience they will remember.

The BULB- Enclosed Booth

The BULB Enclosed

The BULB photo booth can be run as traditional enclosed photo booth that will never go out of style. Clients love it for that “everyone squeeze in” feeling. Even though it is enclosed by no means is it a tiny booth that only shoots small head shots. Our custom designed curved backed booth give you more space for more people. So whether it is a single striking a pose or a gang of groomsmen we know the photos will show the love and laughs like know other with our high quality.

The Studio- Open Air Booth

The BULB Studio

Our modern twist on the classic photo booths is the **BULB STUDIO**. This mod open-air style allows for the photo frivolity to be seen and becomes a truly becomes focal point straight off the red carpet. The Studio offers you all of the fun and enjoyment of the traditional booth but now exposed for all to see and share. With over 40 stock backdrops to choose from you will find that the Studio is a super sleek and sexy way to dress up your event.
