

BRIDGEWAY PHOTOGRAPHY

Pricing

My thoughts:

I feel it's important to keep things simple and easy. No need for complicated packages.

What I charge:

~ \$350 per hour. 4-hour minimum for weekends.

~ Most clients hire me for 4-6 hours, depending on whether you want me to join you at the rehearsal dinner the night before (which is always really fun and allows for many relaxed photo opportunities). I am flexible when it comes to pricing.

What you get:

~ 2-3 weeks after your wedding, you will receive all the high-resolution images, lightly cropped and edited.

~ We can discuss whether you like black and white photos, and I can convert some of my favorites to B&W if you prefer.

Once we talk about your day and come up with a plan, there will be no surprises. Planning a wedding doesn't have to be stressful. My goal is to make your choice of photographer easy and to share my decades of experience to ensure that your wedding day runs smoothly and flawlessly.

Thanks!

Andy
