There is an incredible amount of delicate details that we need to exchange before we can customize a wedding package that fits your needs and desires. We do not believe in a “one size fits all” approach when planning your wedding. From your included centerpieces to your wedding package, all are customized with you being our first priority. One of our primary goals is to create and design *together*...Pinterest is our best friend! Together, we will create a one-of-a-kind wedding experience as unique as you are - promise.

As you being our priority and having the understanding that no one wedding is the same, we sincerely would like to briefly chat either in person or over the phone/email to gain a better understanding of who you are, what you envision and what your expectations are. It is at this point, when we will be able to customize a wedding package especially for you.

We are here to gain your trust and confidence, respect and testimony. This is our promise to you:

- ✓ We will be with you every step along your wedding planning journey.
- ✓ We do offer all-inclusive packages – every penny will be accounted for – absolutely NO SURPRISES!
- ✓ We believe in common sense solutions to problems. You only get one chance to make your day flawless – let’s do it together.
