A vertical photograph on the left side of the page shows a groom in a black tuxedo with a white shirt and black bow tie, smiling broadly. He is embracing a bride from behind. The bride is wearing a white lace wedding dress with long sleeves and a full skirt. She is looking towards the groom. The background is a blurred indoor setting, likely a wedding venue.

i'm so happy to **MEET YOU!**

Let's be real, you have basically an unlimited selection of videographers that you can choose to film your wedding. You probably looked at different prices, different styles, different personalities and so much more just to get overwhelmed with how many options there are. That's why I'm so grateful to be in the running to capture such an important day! Videography is so much more to me than a transaction or a way to pay bills. It allows people to take the present, fleeting moment and make it a memory that can last for a lifetime. I take being a part of such an important day in someone's life very seriously and will do anything in my power to make the day as stress-free, memorable and, most importantly, fun as I can make it. Your wedding film will last a lifetime and I want you to be able to look back on it for years and years, recalling exactly what the day felt like.

My knowledge and experience in using video and photo to tell people's personal stories, work to reveal how unique and beautiful your partnership is, and you deserve nothing less. I'm so excited to document such an important day in your life.
