

WEDDING PRICING GUIDE

THIS IS DIFFERENT

So you've spoken with a couple photographers already and you're trying to figure out which is the best fit for you and your soon to be. You've looked at price sheet after price sheet- but none explain why you should select them personally as your photographer. *Well, I am different.*

My name is Jess and I'm ready to be your wedding day bestie. There's a good chance I'll be there as you're getting ready all the way to the end of the night, sending you off alongside your friends and family. Not only will I be hyping you and your fiance up the whole day, but I might also get on the dance floor if the music is just right. No promises.

Aside from horrible dance moves that are about to grace your wedding guests, I also offer client resources. Everything from a guide for your engagement session (*which is free by the way*), to how to plan an outfit for your session, a guide on how to pose, and ideas where to shoot your engagement pictures. I also offer a full list of local wedding vendors that I have worked with and hand picked to help make for a smooth cohesive wedding day. And lastly, the wedding day timeline guide. This guide goes over every aspect of your wedding day and how to best plan for it and time it all out. The best part is I help you plan it. I'm like a mini wedding planner/photographer/choreographer/hype woman all in one.

If this resonates with you then I would be honored to chat via Zoom or in person over some coffee, always my treat!

THE NEXT STEPS

So you've seen everything. You love it (yay!) and you want to book. Well, the next step is to either hop on a phone call or preferably schedule a Zoom call. I like to meet my clients face to face before booking just to see if we're a good fit together and if we seem to get along well.

Once we have our Zoom call and you want to book me for your magical day, then I will send a contract and invoice. In order for me to hold your date, there is a 25% non-refundable retainer due at booking. The remaining balance will be due 2 weeks before your wedding date. I do offer custom payment plans if needed.

I am so excited to work with you! If this all sounds like what you want for your wedding then scan the QR Code to set up your meeting!

THE TRAVEL BREAKDOWN:

You're probably wondering..
"WHAT IF I LIVE OUTSIDE OF FLORIDA?"

Well, lucky for you I can travel! And I love traveling. Anywhere local is included in the package prices. I consider "local shoots" anything within a 1 hour radius of where I'm located.

FOR "NOT LOCAL" FLORIDA CLIENTS...

There is a travel fee of \$0.75/mi for anything within a 1 - 3 hour radius from Port Saint Lucie. And anything over 3 hour driving, there is a flat \$800 fee for mileage, food and hotel stay.

FOR CLIENTS OUT OF STATE...

I'd fly to get to anything outside of Florida. This state is so long, it takes 4+ hours just to drive OUT of it. So taking into account airfare, car rental, food, and hotel there would be a travel fee of \$1200. International travel is on a case by case basis.

"I want to capture your love on
camera and hand it back to you in
the form of a photograph."

xoxo, *Jess*
