Bonus Tip: For evening weddings, consider planning an intimate 'first look' so you can make the most of the beautiful lighting during the golden hour before the sun sets. Guests will enjoy not waiting long after the vows since most of the family photos will already be completed. It might not be the most traditional thing to do, but it is becoming a very popular trend and we definitely recommend it.

Add Ons

Extra Hours - If you're planning an extra long day, we will be there for you.

Extra Album - Sometimes one album just won't cover it. If your collection comes with an album, we can order you a second.

Parent Album - These are smaller versions of your wedding album. They make great thank you's to parents and give them a wonderful reminder of your wedding day.

Photo Tip:

When planning out your big day, remember to include some fun accessories! Your shoes, Jewelry, flowers, something borrowed, something blue. These will make your wedding pictures even more memorable and unique. Etsy and Pinterest are always great for a little inspiration. Don't be afraid to go out on a limb and try something totally new and different! Be you!
