FAQ

01

HOW CAN WE BOOK YOU FOR OUR WEDDING?

Following our one-on-one consultation, we *will tailor a unique wedding package designed to meet your specific wishes, needs, and ideas.* Upon receipt of your signed contract and a 50% deposit, *your chosen date will be securely reserved just for you.*

02

ARE YOU AVAILABLE FOR TRAVEL?

Residing in the tranquil embrace of Tri-Valley, a mere hour's drive from the vibrant energy of San Francisco, *we find ourself perfectly positioned to seamlessly cater to both the Bay Area and enchanting destinations such as Napa, Yosemite, Lake Tahoe, and Big Sur.* With an unwavering passion for travel, *we extend our bespoke services to couples, embracing the opportunity to craft timeless moments for your destination wedding, whether it be a local affair or an international celebration.*

03

WHAT ARE YOUR TRAVEL COSTS?

The travel expenses may vary based on different locations. *The individual cost for transportation to and from the destination, along with potential accommodation and meals, is determined on a case-by-case basis.* If you are planning to travel for your engagement and/or wedding, feel free to share your ideas and requirements with me. *We would be delighted to work with you in crafting a personalized package that suits your needs perfectly.*

04

DO WE NEED A SECOND SHOOTER?

We recommend considering a second photographer if your wedding day is hosting 80 or more guests. It ensures comprehensive coverage, preventing the chance of missing any candid moments or special details. While we focus on capturing beautiful bridal portraits, a second photographer can skillfully capture candid shots of your guests, providing a complete and memorable documentation of your special day.

05

WHAT WILL HAPPEN IF IT STARTS RAINING?

This question is quite common, *and we completely understand the concerns couples may have.* The one element out of their control during the planning process is the weather. *Collaborating with you and your wedding planner, we strategically plan for backup locations that align with your aesthetic in case of rain on the big day.*

In our experience, flexibility is key on the wedding day, and most aspects can be adapted to new situations. Having a well-thought-out backup plan is invaluable. In fact, *a few grey clouds post-rain can create a remarkably romantic and magical atmosphere.* Moreover, scheduling a post-wedding photo session provides an excellent opportunity to capture images that resonate with your dream wedding aesthetics.

06

HOW MANY PICTURES CAN WE EXPECT AND WILL YOU EDIT THEM?

As a photography studio, we aim to capture pictures that embody the true essence of your big day. *This is the main reason why we put all of our energy and sensitivity into creating a bespoke experience for our lovely couples.* Starting from discussing your requirements and plans for the main day to the photography process, *including post-processing and special retouching – we ensure to provide you with our undivided attention.*

The general rule of thumb is to expect a turnaround time of almost 4 to 5 weeks. *This may vary, depending on the size and season of your wedding festivities.* *On average, around 80 pictures are taken per hour on the wedding day.*

After capturing the pictures, we make a qualitative selection of your images, finalizing them for special touch-ups. Blurred and photos with closed eyes of key individuals are excluded. *The final touchup includes adjustments of lighting and contrast, aligning your pictures with special attention to natural retouching.* You will receive your images in high resolution in digital .jpg format.
