

Video Machine Production

Hello,

I am Bill Entwistle owner of Video Machine Productions. Thank you for inquiring about our Wedding services. We have been serving the Southeastern USA for the last 13 years and we are very proud of our videos. We have samples on our website: www.videomachineprod.com.

We Are Different

- We attend the rehearsal at NO additional charge. This allows us to know where to place our video cameras to be in the right place at the right time.
- We don't work by the hour - We record the entire event.
- We capture the entire event and create a long and complete record of the special day.
- Highlight of 10 minutes or less included at no additional cost.
- When two or more videographers are required one will be a female who will shadow the bride on the big day.
- We dress appropriately for the event. It is a special day and we want to blend into the crowd.
- We only shoot one Wedding a day and I attend the Wedding. We know that Weddings require constant attention and although they may last 12 hours, we are ready to capture the entire event.

Our Technique

Your Story

This is a special day, a moment in time for your family. We are honored to be allowed to capture that day and save it for you and your family. Although all Weddings are similar, no two are alike. So we approach each Wedding as a unique story of love and a reflection of the happy couple.

Our Experience

Video Machine Productions is in its 12th year of business. We have been creating videos for TV, web and homes and are in a constant learning process. We use state of the art equipment to capture and tell your story.

Our Equipment

We use only HD & 4K equipment and professional wireless microphones. We have lights if needed and numerous lens, steady cam, Jib boom, and more.

We Travel

For distances less than 90 miles from Greensboro, NC, there is no travel fee. Distances beyond 90 miles incur a travel expense, the amount of which depends upon location.

Something to Think About

This is a once in a lifetime event that takes a year or even more to prepare for *and it lasts for just one day*. Still photos are beautiful, but cannot bring back the emotions and activity of the day - from the poignant speech Dad gave to the beauty of the first dance, fun on the dance floor and so much more. Only video can take you back to the event action forever.

Thank you again and I look forward to talking with you on how we can be your videographer. All the best and congratulations.
