# YOU'RE GETTING MARRIED!

I am so excited that you are here! Feel free to take some time to browse my guide and come up with some questions! Think about your vision for your wedding... lets make that come to life:) I can't wait to talk soon!

- *Morgan*

Hey Hey!  
—I'm Morgan.

I am crazy excited that you're here! Thank you for taking time to look through my guide!

I have always been a lover of photography. I got a degree in visual arts where I focused a lot on photography, printmaking, and ceramics. Also, growing up, there was normally a camera around me or in my hands.

Fun Facts:

I am married to my best friend and we have a crazy dog named Casper. We moved to Duluth two days after getting married (highly don't recommend moving right after getting married, but highly recommend moving to Duluth).

I also love love (cheesy, I know). I love being able to capture your authentic selves while getting those classic posed photos. I am also OBSESSED with cermaics.

“How am I supposed to pick my favorites??!? You captured so many beautiful (and several silly!) moments.”

## Kind Words

Morgan is a wonderful photographer! Not only does she take beautiful photos, but she makes you feel so comfortable during the session. She took engagement and wedding photos for my husband and I and we're both so awkward in front of a camera, but Morgan worked through that and helped us both loosen up and have fun with it! She has really fun and unique ideas for poses and they turned out so beautiful in the final photos. When I tell you I am absolutely obsessed with every photo we received, believe me, I am OBSESSED. She truly captured who we are. The photos are gorgeous and my husband and I will treasure them for the rest of our lives. If you're looking for a fun, professional, and talented photographer, Morgan is the one for you!

# Fine Art Photo Albums

Here's why I believe that a Wedding Album is going to make a difference in this experience for you.

This is a gorgeous flat lay linen album. Carefully curated with the best of the best photos, either you chose or I can! You also have the option to pick out the color of the cover and the wording on it.

I am a big believer in making sure you have physically copies of your photos! It is fun to have and fun to show off in your home! Having a photo album makes it easy to show people and makes it wasy and fun to look through and reminisce about your gorgeous day!

# FAQS

## Do I need to have an engagement session?

I mean... no. BUT this is a huge part of your life and YOU'RE GETTING MARRIED so why wouldn't you want to capture your engagement! They also look AMAZING in your home and on your save the dates/ invites. It is also a great way for us to get to know wachother better and make you feel comfortable in front of the camera!

## Do you travel?

YES!!!! I will go ANYWHERE with you! Anything further than 4 hours is considered a destination, let me know if this is the case for you and I will send you my destination guide! I also travel for engagement sessions (a destination engagement session is considered more than 2.5 hours from me).

## Is a second photographer really necessary?

add \$700

Not necessarily, as I am very confident in my ability to capture your day on my own. HOWEVER, with a second photographer you will be able to get so many more angles and photos. Plus, it allows be to basically be in two places at once:)

## What happens if you're sick or can't make it to the wedding?

If for some reason I am unable to make it, I know a plethora of local professional photographers that I can reach out to. I keep you in the loop as to what is going on but I make sure that it doesn't add additional stress to your day.

## What is your photo backup system? How do you keep my photos safe?

I have two different hard drives that I put your images on to make sure that they are safe. I also do not reuse the SD cards until your full gallery is delivered via an online system.
