

ALLISON RAGSDALE PHOTOGRAPHY

# Wedding Pricing

## FROM A BRIDE:

*From doing our engagement photos to spending all day photographing our wedding day I absolutely love the work Allison does! She makes taking a photo so relaxing and really guides you on what to do when you feel like a goober in front of the camera! She made my husband and I look so great in pictures and always really captures our relationship perfectly! She's always open to trying whatever you suggest or see on Pinterest ha ha! Her work is so beautiful and makes taking a picture a breeze! -Megan*

Benefits of an

# *Unplugged Wedding*

More and more, wedding clients of ours are requesting an “unplugged” wedding. We spend the majority of our lives plugged into some device, laptop, phone, tv, etc. It is crucial that we take the time to unplug and be truly present in the moments that matter.

By asking your guests to turn off their devices, you are asking them to experience the day with you and be part of the love that you are feeling and wish to share with them. You are asking them to relate to you and their world through their experiences, rather than relating through their LCD screens. Ask your guest to be truly present and participate rather than being observers.

Additionally, you have put a lot of time and effort into choosing the perfectly matched photographers to your style, personality and needs. When you get your pictures back do you want them of your guests enjoying the day or of your guests experiencing the day through downturned faces toward their devices?

While we can be the first to admit to this, stand up and proudly announce our, often obsessive love for smart phones, we also believe strongly in the power of turning them off and being present in the moment.

## Wedding FAQ

### How long does it take to get our images?

**3 - 4 weeks is our normal turn around.** All of your wedding photos will be professionally edited to look their best. We pay attention to every photo that leaves our studio! Some photos such as portraits may have more enhancements such as light retouching of skin or stray hair removal. In general, we remove nonpermanent imperfections but also offer more advanced retouching services if needed.

### How many images will we get?

Wedding days vary quite a lot depending on the number of guests, locations traveled to and the number of hours we are with you on the day. Rest assured that we make sure to capture every part of your wedding day within the time frame we are hired for without concern to the number of photos we take; our goal is to tell the story. However, in general, you can expect about 100 photos per hour of coverage.

### Do you come to the rehearsal?

Rehearsal dinner coverage is available by quote if it is something you want added to your collection.

### How do we hold the date?

We require a non-refundable \$1500 retainer to book your date.
