COUNTRY SKYLINE, LLC.

WEDDING VIDEOGRAPHY

SERVICES

OVERVIEW

We are committed to capturing your story, in a way that is true to who you both are. Candid footage is the most direct way to achieve this. While Photographers do their best work by posing you beautifully with guided direction...we achieve our best work by 'hiding in the shadows'.

In our client reviews, you will often see something to the effect of, "I didn't even notice them there". This unique style has earned us the nickname "Snipers with Cameras". A nickname that we are very proud of. After initial introductions, you will likely not hear from us again until it is time to say our goodnights. Leaving you to enjoy your special day...and us to get the best uninterrupted moments from which to create a a bit of movie magic.

EVERBODY WINS!

WHAT WE CAPTURE

In short...EVERYTHING.

- Preparation | First Look | Photo Shoots | Guests Arriving | Entire Ceremony | Walk-Outs
- Cocktail Hour | Reception Entrances | First Dance | Parent Dances | Speeches | Cake Cutting
- Bouquet Toss | DANCING THE NIGHT AWAY

THE DREAM TEAM

One's wedding day is considered by most to be the most important day of their life, to date! We do NOT task such an enormous responsibility to just anyone...

When booking a wedding with COUNTRY SKYLINE, rest assured that you will be in the trusted hands of the founding partners themselves. This is the very team that has produced every single one of our wedding videos.

- VINCENT McDOWELL | Company Director | Second Camera / Music + Sound + Effects
- JOHN PETSCHÉ | Creative Director | First Camera / Concept + Editing

TECH + EQUIPMENT

Our modern, sleek and compact equipment allows us to fit into tight spaces (especially the middle of the dancefloor...our personal favorite), while also staying out of the way.

- (2) Compact 4K Mirrorless Film Cameras (Lumix GH5Ss)
- #1 Rated Audio Recording System (Rode NTG4+ Shotgun Microphone)
- Mobile Cranes/Gimbals/Stabilizers for Sweeping and Aerial, Cinematic Shots
- Motion Picture slo mo filming in 4K
- Start to Finish Editing (Music Overlays, blending, motion graphics, color enhancement, lighting correction, 4K effects, transitions, sound design, sound mixing, etc...)

WE LOOK FORWARD TO WORKING WITH YOU!!!
