PHOTO & FILM

welcome

Josh and Lilli here! So... we're kinda freaking out. Out of all the options out there, you've chosen us to consider to capture your big day. And that kinda makes us wanna do our happy dance. But in all seriousness, We'd love to work with you! We make it a priority to not only produce artistic, intimate photos and video but also ensure each client feels heard and valued through a stress-free process. So to begin that process, here's a full guide about working with us as your photographer or videographer (or both)!

"...It was almost like watching a movie! She managed to catch every detail of our day in beautiful fashion. She is very organized and spoke with us a few times before the big day to make sure she knew exactly what we wanted and to give her professional advice. She was punctual, detailed and discreet throughout the day. The pictures are stunning! I'm so grateful to have found Lilli and for the beautiful memories she was able to capture! Highly recommend!!

CONTACT ME

PROPOSAL

CONTRACT + DEPOSIT

QUESTIONNAIRE + CONSULT

Once you review the pricing guide, contact me with your package choice or any questions you may have.

I will then send you a custom proposal with the invoice, contract, and payment plan.

Once you sign the contract and pay the first deposit, you're officially booked! All wedding bookings require a 30% retainer to book and the remaining due 14 days prior to your wedding date.

Sessions require a 50% deposit to book and the remaining due 7 days before the session.

Wedding clients will receive a questionnaire to fill out in your email one month prior to your wedding. Once that is completed, I will contact you to schedule a final consult. I will assist you in creating the perfect timeline, answer any questions, or just listen if you need to rant! Lifestyle clients will receive an email a week before their session to confirm details.

FAQ

Q: How can I submit my deposit?

A: All proposals include a section where you can submit your payment through an online bank transfer. We also accept credit cards (plus a transaction fee) and cash or check by mail.

Q: Are packages customizable?

A: Yes! We can adjust each package to fit your needs. (ie. remove an engagement session, mix and match photo + video packages, etc.)

Q: Do you travel?

A: Absolutely. Call or email us if you want to learn more!

Q: Will you send the RAW photos?

A: No! RAW photos will not be sent under any circumstances. However, RAW video is available for purchase.

Q: Why would I pay extra for RAW video?

A: Our wedding films feature your wedding highlights curated into a short cinematic film. Some people also want to have the unedited, full recordings of the day like of the ceremony or goofy reception clips. This is why we offer the RAW videos separately.

Q: Will you edit out blemishes?

A: We typically edit out obvious blemishes or distractions in photos but will not edit one's natural self (ie. altering subject's weight, removing scars/birthmarks, etc.). We do not edit blemishes in video.

Q: How many photos do you send?

A: We typically deliver 50-90 edited images per hour of coverage, but this can vary.
