## Investment

I designed my packages knowing that every wedding is unique - I want you to choose what best fits your day and your lifestyle. I believe that photographs are the most important moment in life. I don't want your photos to live online - that's why I include a Photo Album. I want you to surround yourself with photos. These will be the images you share with friends, pass on to your children and decorate your home. Capturing love stories is what makes my heart beat hardest. And I strive to capture your story in the most magical and meaningful way that I can.

# ADDITIONAL *Info*

## *Travel fee*

There is no travel fee for Southern California weddings. If your venue is more than 2 hours from my home, we'll stay in a hotel room (at our own cost) the night before your wedding, so we can avoid any traffic issues and arrive refreshed and ready to shoot.

Airfare and Accommodations for Nor Cal and Destination weddings are based on location and season.

## *Close-Up Magic*

While we are photographers first, we're now offering Ernest's other passion, Close-Up Magic, as an add on. Strolling magic is ideal for wedding receptions because it ensures that everyone enjoys a memorable and unique experience.

This is how it works: Ernest will photograph the guys getting ready and the ceremony like usual. Then he will perform close-up magic during the Cocktail Hour and Reception. We will add a photographer so you won't miss out on any photos. In fact, you'll get a ton more photos of your guests having a great time!

## *Elopement and Intimate Weddings*

Intimate Outdoor and Courthouse Ceremonies. 4 hours of continuous photography coverage by 1 photographer. Additional hours are \$150 each. From the Mountains to the Beach, let's go on an Adventure together.

# THE WEDDING Experience

## WHAT MAKES ME DIFFERENT

The most important thing to me is building an amazing relationship with you! I love learning all about your love story and how you plan to infuse your personalities into your wedding day! I want you feel comfortable and know that I have your back. I'm passionate about people and I think love is pretty damn magical!

## THE BEST PART ABOUT HAVING A COUPLE AS YOUR PHOTOGRAPHERS

is both of you get a dedicated photographer for getting ready images. The Bride gets me, a photographer that feels more like a friend than just another vendor. And the Groom gets the comfort of having another laid back dude around. There is no running back and forth between rooms, and no missed moments with your bridesmaids or groomsmen. We capture every little detail and every emotion shared with your nearest and dearest. Plus we know how quickly your wedding day will go by and how stressful it can be. Let us worry about the timeline so you can spend the night making memories and enjoying the heck out of your wedding day!

## AN ENGAGEMENT SESSION

is so important because this is the time that we get to REALLY know each other. Along this process, We'll learn all about the two of you which gives us a great foundation on beginning a fabulous friendship! I get to see how the two of you interact (because no couple is the same!) and you'll understand how I photograph and work with you. My main goal is to capture the genuine love between you both!

## TIMELINE PLANNING

This is probably your first wedding but I have been to TONS and I've learned ALOT. More than I ever expected, more than just photography. I'm knowledgeable about wedding planning, and creating custom timelines. I'm not just here to capture your special moments. I'm here to help alleviate stress, answer questions, and help you plan. I give all of my couples a Wedding Planning Guide that is filled with Engagement Session tips, Wedding Planning tips and a Timeline Worksheet. Before your wedding day, we will take you both on a dinner date to iron out timeline details and decompress. It will make you feel so confident about your wedding and it really solidifies our friendship! If you can't make dinner we'll schedule a Skype date.

## FAST IMAGE DELIVERY

I know you are super excited to see your images so I post sneak peeks to Instagram the day after your wedding! Within the first week, you can view a post of my favorite images on Facebook and my website! The average turnaround time for a wedding is 3 weeks! Right when they're finished, I will send you a very special email that will give you access to your gallery! From there, I will prepare your USB drive and any prints or Albums to be sent out to you!

## DISCOUNTED FUTURE SESSIONS

One of my favorite things about this job is creating life long friendships with my couples. It is a privilege and an honor to document their lives as their families grow. My favorite sessions are Boudoir, Maternity, Newborn and Family. All clients receive discounts on every future session!
