

Full Wedding Planning Service

Price: \$3,500

Deposit: \$875

A Wedding Planner is frequently a person who can take charge and plan the details of a wedding event from start to finish. The couple looking to hire a Wedding Planner is still involved but most of the legwork is left to the Planner and the couple can trust a professional to make the arrangements for them. The couple will have the Planner with them on all appointments and can rest assured that etiquette, budgeting, and creative ideas are brought to them in a professional manner. The most luxurious of all packages is our Full Wedding Service Package. This service will yield a stress free experience and the true feeling of being a guest on your wedding day.

Partial Wedding Planning Service

Price: \$2,000

Deposit: \$500

Similar to our Full Wedding Planning Service, our Partial Wedding Planning Service package would be a Luxury Service for the couple. We would be responsible for most of the planning but, in this case the couple would also do a great amount of the planning. We recommend this service to couples that want the best of the best but also would like to save some of their resources by doing a bit of the legwork themselves.

Month/ Day Of Coordination

Price: \$800

Deposit: \$200

Our Month Of/ Day Of Coordination package is the perfect solution for couples who prefer to plan their own wedding but want to hire a professional for some peace of mind the month prior to the wedding and more importantly on the wedding day. On the “Month of” we exchange in the “Handoff” where we receive all information from you and see what you need for us to fine tune and finish so that your event runs as Perfect as possible. This also includes the “Day of” and the Rehearsal. On the day of the rehearsal we are available 2 hours prior to set up decor (pending venue approval) as well as we will be directing a runthrough of the ceremony. We also provide a timeline to review with the bride and vendors to ensure that the “Day of” is well executed. On the wedding day, we again are available the entire day to execute your Perfect Wedding Day so that you can enjoy it stress free.
