

Sleepy Hollow Barn

Our price is \$2500 for the day from 10am to midnight Saturday, The price is \$2300 for other days. We have 150 white wedding chairs, 15 round tables (5 foot), 7 rectangular tables (30inch x 6 foot), a 5x8 foot table for cakes, presents, etc., an old train luggage trolley for book, gifts, etc. There is a serving horseshoe area used normally for food buffet. So I have the set up for 150 with the white chairs both for the wedding outside and then the seating in the barn. I can seat 150 using all my tables, chairs, benches and chairs. We have white linen for all of these. The price includes 1 1/2 hour rehearsal walk through the day before or some other time we can work out.

Also, if you want to consider having the rehearsal dinner/party at the facility I give a discount of 50% for the additional day. You can have your own caterer and bring your own alcohol. Also, I have a beer and wine license, if you would rather Sleepy Hollow take care of that service. You are not allowed to use a 3rd party alcohol supplier without written approval from Sleepy Hollow Inc.

I have sound systems for the barn which you can connect an iphone/ipad/computer along with a microphone for announcements. There is no charge for the use of the barn system which also can supply your music outside. I have an outside system but that is an additional \$50 for set up with wired mics. Also, I have a kegerator for a keg placed anywhere in the barn for 35 rental plus the cost of the keg. Below are some links to past weddings.
