### Creative Photo Shoot (\$300)

The Creative photo session is an opportunity to get those special shots that we might not have time for on the wedding day or may be too far for the time allotted. Since it is not on the day of your wedding, we have time to set up a photo shoot at a lake, on a mountaintop, in the forest, in the desert, in the rain or even use color smoke bombs! This is your chance to get creative!
