WELCOME!

First off, congratulations on your engagement! This is such an exciting time.

As a recent bride myself, I completely know how busy this next phase of your life is going to be. You will most likely feel overwhelmed, especially with the endless amount of information out there on the internet. You are not alone. I am here to help you through this process to make this process a little easier.

The purpose of this guide is to provide you with (most) of your wedding photography related questions! It is my goal to make you feel relaxed and at ease when planning your special day. If you still have questions after reading through this guide feel free to email me at emma@emmarosephotographer.com or by phone 509.860.8062. I cannot wait to hear from you!

"Together is a beautiful place to be."

MEET THE PHOTOGRAPHER

Emma Rose

Hi, friend! I am thrilled you are here today reading through this magazine, getting to know me and browsing through some of my work. I'm Emma Rose. I am a wife to an incredible man, mama to a sweet little girl named Riley and passionate about my work. I believe that life passes too quickly and it is important to document the precious moments along the way. When I had my daughter I decided to learn how to take better pictures, which led to where I am today with my photography.

I am based out of South Bend, Washington but find myself shooting all over the state, and beyond! My journey with photography is already more than I could have ever imagined. Working one on one with clients is truly a dream and I'm grateful to all the support and love I've been given so far on this journey. I want you to feel like you know me, can talk to me, ask me questions, and trust that your special day is in the best of hands to capture it all. Your photographs are forever. You want someone on your side who not only understands photography and composition, but that you feel comfortable with. My clients aren't just clients, they become lifelong friends.

If you haven't been doing so already, I urge you to follow me on social media. Get to know me and my style. I'm a natural light photographer who believes in capturing my subjects in the most honest and true light. I promise to deliver images that will withstand the test of time and that you will forever cherish. Your story is important and I want to be the one to help you tell and share it with your family and friends.

I love to travel and would be more than thrilled to join you on an out of town adventure! Please contact me directly for custom package options. emma@emmarosephotographer.com

FREQUENTLY ASKED QUESTIONS

you have questions and I have answers

What sets you apart?

I am a natural photographer. I take all images in an intimate and relaxed settings to capture images that will last a lifetime. Our sessions are candid and fun!

How many images will we get?

It depends what package you choose but you can expect to get anywhere from 50-100 images per hour. This can and will fluctuate depending on the day and events.

How long will it take to receive our images?

It is my goal to have images delivered within 4-6 weeks after your wedding day. You should expect to see a sneak peek on social media within 2 weeks after your wedding!

Will we get featured in a magazine or blog?

This is not something that is guaranteed as most publishers are interested in colorful, uniquely designed weddings but we always hope for publication!

We are having a destination wedding. Do you travel?

Yes, yes, yes! Contact me directly to fill me in on your travel plans so that we can create a custom wedding package that suits your needs!

What equipment do you use?

I use top of the line Canon equipment to capture all my photographs. My camera is a Canon 5D mark iii accompanied with prime lenses that allow me to capture those breathtaking photos to last a lifetime.

Why should we consider a "first look"?

Traditions are shifting when it comes to seeing the bride before she walks down the aisle. First looks are becoming more popular. When you incorporate a first look into your wedding day, you will get approximately 40% more portraits of you two together, and you don't have to keep your guests waiting after the ceremony. You will most likely have butterflies all day, but having a first look is a great opportunity to be more relaxed on your wedding day. I am a big fan of first looks!

How do you edit all our images?

As a natural photographer, I aim for simplicity with my editing style. I want to deliver images to you that will never go out of style and that you will cherish from generation to generation.

How do we secure our date?

To secure your spot on my calendar I require a 50% retainer fee and signed contract. I have made it as easy as possible for you to see my calendar and availability on my website.

www.emmarosephotographer.com/contact or you can email me at emma@emmarosephotographer.com

How do we pay you?

I use a software program that helps me keep everything organized for my business. This includes the signing of documents, paying invoices, etc. You can pay online, with a check, or cash. Products and albums can be paid by credit card through your online gallery if you choose to print there.

WHAT TO EXPECT

get the most out of your sessions

LOCATION

Add more personality to your engagement session by choosing the location yourself! Whether it is the local coffee shop or park where you first met, pick something sentimental to you and your soon to be spouse!

WHAT TO WEAR

Wear something that makes you feel good and confident! While it's great to compliment your partner, by no means do you have to wear matching outfits. These images will most likely be used for your save the date cards so keep that in mind when planning!

SCHEDULING

Sessions are scheduled 4-6 months in advance. Cancellations or reschedules must be made via email or phone at least 24 hours prior to your session. Deposits are non refundable.

WEDDING DAY TIPS

little details count

As soon as I arrive on site I like to photograph all the little details. If you could gather all your details before the day starts so that I can photograph everything quickly it will get our day off to a very smooth start. When the details are organized it allows me to spend more time focusing on the spontaneous moments that unfold when everyone is together. Here is a list of ideas: (Rings, jewelry, hair pieces, flowers, shoes, socks, cuff links, letters, pictures, gifts, cultural items, invitations, programs, printed pieces, and any unique items you treasure and want photographed!) Details help tie everything together and tell the story from behind the scenes. Planning a wedding takes time and effort, it is important to document not only the beauty, but the hard work!

designate a delegate

I have found with weddings it helps to have one person in charge to help organize and delegate various tasks throughout the day. Whether this is a bridesmaid, cousin, or aunt suzie, it helps to have one person in charge who knows who everyone is, can help with groupings for all the family shots, etc. The less questions you have to answer for others throughout the day will help you enjoy your day even more! So pick someone who can handle all the details that you don't need to concern yourself with!
