The Wedding Photography Experience

As your photographer, my goal is to create a safe and fun environment for you to express your authentic self in front of the camera. Feel awkward having your photo taken? That's normal! It's my job to give you poses and prompts to help you feel confidently at ease. When I get to unlock the best version of you in your photos, it is so rewarding!

Day of, I will be an encouraging, enthusiastic hype-woman that also is a confident, calming presence amongst all of the fast-moving events of the day.

Weddings are a beautiful celebration: exciting, special, and often a lil' chaotic :) Every moment is meaningful from your first kiss as newlyweds to the little hand squeeze you give your dad just before walking down the aisle. I pay attention to and capture all of it in order to tell the story of your wedding in such a way that when you look back on the photos in 30 years, you are transported back to those special moments, experiencing the same potent emotions.

Within 24 hours, you will receive 50 sneak peeks from the day to treasure before the whole gallery is done 6 weeks later! All photos are delivered in an online gallery that stays active for 1 year, and prints are able to be ordered directly from the site.

I am here to make your beautiful wedding day vision come alive!

I want to book! What's next?

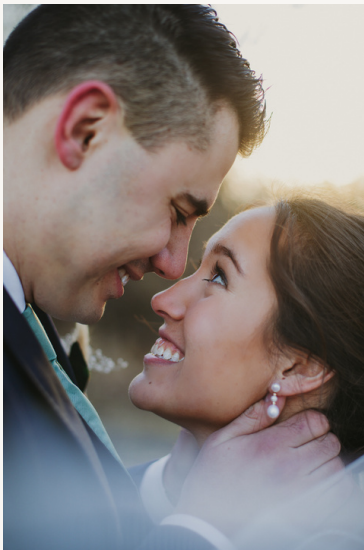

Select a package and I will send you a contract and invoice. A \$500 retainer is due at the time of booking and the rest 15 days before your wedding date. Once the contract is signed and the payment received, we are legally bound L)
