

Make it Yours.

A wedding at Notting Hill Farm is unlike any other. A unique setting that cannot be duplicated anywhere. A distinctive affair that reflects your vision and your personality on a very private, rural estate. A venue with all of the amenities you expect: modern and elegant with rustic charm and backroad vibes.

About Us.

Just 5 miles outside the village of East Aurora, NY, Notting Hill Farm is a 200-acre working farm at the top of a hill with a million-dollar view. Tucked into a quiet, manicured pasture, the Granary is a traditional timber frame barn with authentic mortise and tenon joinery, built in the craftsmanship of days gone by. The two-story, fully climate-controlled barn is surrounded by naturally beautiful pastures, striking floral borders, and lush woods. An authentic farm experience with a sophisticated, upscale ambience.
