DESTINATION WEDDING \$6,000

All day coverage of wedding day

plus other photo opportunities throughout my time spent with you and your partner.

This rate covers my time spent over two days of travel and work.

Airfare usually not included - but we can discuss that more... I've sometimes been able to incorporate airfare at a minimal cost to you. Extra costs of transportation, food, and lodging not covered.

**If your wedding is say, someplace far away where it will be longer than two days, and could cost close to the price of my rate, I'm sometimes open to working something out so we can both benefit from working together and enjoying an amazing experience!*
