MEET JONATHAN

When I was 15 my father gave me a Konica 35mm camera and built a darkroom in our basement. I still have that camera. My passion for photography stems from the sheer joy and amazement I experience every time I capture a moment in time. The gratitude and pleasure I feel when others can share that same emotion from my images is immeasurable. My career as a professional photographer took some time to manifest. After college (degree in Economics) I worked as a fundraiser for political and charitable organizations, and then the bulk of the years as a financial advisor in Florida. However, that passion for photography was always with me. I spent much of my free time exploring all the possibilities my camera had to offer. In 2003 I decided to make a change to pursue my true calling.

MEET JONATHAN

My studio began as a editorial and advertising one with clients such as Toyota, Isuzu, and United Healthcare, to name a few. These beginnings gave me the fundamental understandings in the use of artificial and natural light, and in crafting compositions that tell a story. Here I was also trained in the use of both digital and film in medium format, large format and 35mm. I received my training in photojournalism in the field, apprenticing for AP and Reuters photographers, learning to see the big picture in a moment and translate that to an image. Since then my style has evolved to match my personality: artistic, free-spirited, dramatic, and intuitive.

“THE EMOTIONAL INTERACTIONS BETWEEN MY CLIENTS, AND BETWEEN THEIR FAMILIES AND FRIENDS, ARE THE HEART OF THE WEDDING DAY.”

Now with over 13 years in the wedding industry, and over 750 luxury weddings documented, my team and I bring a broad range of experience and skill to the wedding day. We are well polished at navigating the live action atmosphere of the wedding while keeping our interactions with the guests playful and non-intrusive, so as to best artfully capture them as they naturally, dramatically occur.

To be asked by a couple to document one of the most important and memorable experiences of their lives, is an honor and privilege. My philosophy is that each wedding has an exclusive rhythm that is defined by the personalities present. Like any documentarian, as I do my research, I get to know what it is that defines my couples and learn their chemistry. To do this I take every new bride and groom to dinner so I can interact with them on a social level.

With negotiations over, and our interests aligned, I can truly begin to understand what makes them tick. With this knowledge, I can create an editorial collection of images to tell each client's individual wedding day story. I look to capture images that are sentimentally timeless. The emotional interactions between my clients' family and friends are the heart of the wedding day.

TESTIMONIALS

“TO DESCRIBE OUR EXPERIENCE WITH JONATHAN IN THREE WORDS I WOULD SAY HE WAS VERY **PROFESSIONAL / PERSONABLE / & FOCUSED**; NOT JUST THE WHOLE WEDDING DAY AND NIGHT, BUT THROUGH ALL OF OUR INTERACTIONS WITH HIM. FROM OUR VERY FIRST MEETING, WE KNEW WE HAD FOUND THE PERFECT PHOTOGRAPHER”

“Jonathan Scott is a truly talented photographer. His photo-journalistic style is incredible. Additionally, he is professional and knows exactly how to work with a bride and groom. We are beyond thrilled with our photos. The only trouble we had was trying to choose the best ones for the album since we absolutely loved all of them! We were very fortunate to find this photographer and highly recommend his artistic work. He knows just how to capture the moment.”

CHRISTINA

“Jonathan photographed our wedding and designed our album and we couldn't be happier! Jonathan has a great sense of humor and he really made everyone feel relaxed and comfortable. We are more than amazed at our wedding album and we have gotten so many compliments! Since our wedding, Jonathan has photographed three of our friend's weddings and they are equally impressed. Thank you Jonathan, we feel you really captured the spirit and emotion of our special day!”

CAROLINA

“Jonathan and his team are extremely talented and lots of fun to work with. From the moment I saw his web site I knew I wanted him to photograph my wedding. The albums he puts together are some of the best I have seen. Before I found him I met with other photographers that are well known in South Florida and none of their work impressed me like Jonathan's. His pictures are awesome the albums covers he uses are amazing and the layouts he creates for the album are incredible!!”

JANICE

"I wanted to share this post because I hear JSP is now in NYC, and for those brides-to-be out here, you are very lucky! I was the lucky girl! Actually, both my husband and I were for choosing JSP Studio. I remember trying to decide which is the most important part of a wedding? Well, the answer is the photographer! My goal was that in 20 years, I wanted to smile while looking through my wedding album and say, " What a beautiful day it was!" :) I wanted to have photos that would capture the true essence of what my husband and I were feeling that day, our connection, and most importantly... our sense of humor! JSP did just this! To this day, I still find myself looking through my photos and feeling so thankful to JSP. Jonathan was referred to me by my wedding planner, which was an absolute blessing. We decided on doing both an engagement shoot (which I strongly encourage) and wedding album. What caught my attention to Jonathan was his passion, sense of humor and dedication for fashion journalistic photography. He described in his biography (which is on his website) that he took a risk in changing careers to do something that he LOVES! This is what made me realize, this is someone I have to work with. I am so thankful I did.

He will do whatever it takes to take the perfect shot. One particular example of his dedication to us, was him offering to return to meet with my husband and I after a completed engagement session. He drove through an hour of rush hour traffic just to take a few more shots, because he knew I was interested in sunset pictures. This is what I mean by dedication and passion!

I can't thank him enough for being that special person in our lives, it will forever be a day beautifully remembered because of Jonathan. I hope this helps and wish you Happy Wedding Bliss!!! And remember, if you want to have fun, feel beautiful and feel like the most stunning couple out there then choose JSP!"

BRITTANY

“Where to begin! Working with (& befriending) Jonathan has been an AMAZING experience. While currently working in the wedding industry alongside Jonathan for the last few years, I am exposed to so many different photographers. Since day of 1 meeting Jonathan, to witnessing his professionalism with our mutual clients, to working with his expertise during the actual events, to FINALLY becoming a bride myself....experiencing how he composes the work he does, is absolutely mind blowing. Jonathan - Your creativity and ability to make my husband and I feel so comfortable thru each moment of shooting is incomparable.... these pictures say it all....and you captured the day flawlessly. You offer such confidence to a couple while shooting which is absolutely necessary when your not used to it. Your editorial style of shooting is ideal for a wedding as you want to enjoy the true moments of the day..not go from pose to pose. You allowed us to be us - and guided us in such a way you were able to capture the personality and love we share. From the engagement shoot, to my boudoir session, to the wedding day - the pictures are everything more than we could have both even dreamed of. The only thing from your wedding day you have left other than your own memory is your pictures...so when it comes to photography do not skimp on getting anything but the best - Jonathan..you truly are the best. They are the most gorgeous pictures we've ever seen. We love each one more than the next...Words cannot thank you enough!”

STACEY

“Jonathan became a friend in the process leading up to and after our wedding. He sincerely cares about us as a couple and it showed. We had the unfortunate “weather” situation every couple dreads for their wedding... Jonathan went above and beyond to make sure we had the best pictures possible utilizing the inside of our venue and the covered outdoor parts. Looking at the pictures, you wouldn't even know rain was in the vicinity. He truly captures the most precious moments, he loves candids, and when you get your pictures back, so do you! He really is so talented and we are so grateful we had him leading up to our big day, on the big day and now going forward.”

“When you pick a wedding photographer you are more or less choosing an extra member of your wedding party -- someone who is with you for the entire event, from the moment you get dressed until the very end of your celebration. There is no one else I would choose to spend this much time with me and my family & friends on such a personal and special day. Jonathan and his team were absolute perfection - they kept everything light and fun and were not afraid to go the extra mile to get a great shot, and Jonathan gets to know his clients in an effort to make the experience even more individualized and comfortable. His photographs are artful and stunning, not at all cheesy or formulaic. Jonathan is incredibly talented and has an eye for those “magic moments” - whether romantic, moving, or just simply hilarious. I am so thrilled to have found him. Do not pass up the opportunity to have him document your wedding !!!!”

MICHELLE

“We were fortunate enough to find Jonathan Scott and JSP Studios for our engagement and wedding photos. He and his team were recommended through a friend who experienced his services as a bridesmaid in another wedding. We researched his photos and fell in love with the editorial style and unique visual scope of his work -- his photographs are STUNNING. We met before our engagement shoot over dinner to get to know each other better and customize our experience. We were able to connect and know that we were going to achieve the look we wanted out of our images and brainstorm about unique venues. Perez Art Museum Miami was the chosen destination for our engagement pictures and we were the first couple to have our photos shot at the location. Jonathan and his team took their time finding the right set ups/moments and we ultimately loved the final product. He helped us through the timeline and adding on videography for our wedding and his team were prompt and professional on our big day. JSP Studios captured our once in a lifetime moments and we couldn't be happier with the experience.”
