

THE COOPER RIVER BAND 2021 RATES FOR CHARLESTON, SC

\$2000 – 4-PIECE BAND OF LEAD VOCALIST, BASS/VOCALS, GUITAR/VOCALS, AND DRUMS

Our four-piece group is the version of our band that plays for bars and venues with size limitations. This is also a great option for more low-key events like rehearsal dinners and oyster roasts. We use a professional PA system with in-ear monitor system so there is less on-stage volume. We have a dedicated wireless microphone that can be used for blessings/toasts/speeches, and we can play recorded music as requested before performance, as well as for breaks and special dances, etc.

\$2800 – 6-PIECE BAND WITH ABOVE PLUS SAXOPHONE, KEYBOARDS, AND SOUND ENGINEER

The six-piece group is recommended for wedding receptions and corporate events. This is the same package as the four-piece group but adding our saxophonist and keyboard players, bass speakers for a richer sound, and a sound engineer to ensure the best sound quality.

OTHER OPTIONS

If you are looking for extra vocalists or musicians or a DJ, acoustic duos, or acoustic trios, we are happy to realize your vision. We have performed in different smaller variations in the past when the occasion called for it and we also have a lot of talented friends who we have added to the lineup per request throughout the years as well!

Feel free to reach out for anything! Also, please let us know if you would like a travel quote if you are having your wedding outside of the Charleston area!

Thanks and Congratulations,

David Hoppmann
