Package Pricing – 2021

We offer a wide range of photographic services to preserve your precious memories. Our specialty is wedding and event photography, shot in a creative "journalistic" manner. We shoot in an unobtrusive, story-telling style meant to reflect the individuality of you and your guests.

All of our photography packages include these great features, at no additional charge:

- We will provide you the edited images as a digital download. You retain all your memories. We feel differently about copyright than most photographers. We want you to treasure your memories, without interference. We will provide all of your edited photographs to you via the [Creative Commons Attribution](#) license, which entitles both you and your guests to make your own prints and reproductions any time that you like. You are free to make copies, post them online, and share them in any other way.
- We will provide an online gallery for you and your guests to enjoy. We will host your gallery at no cost for 60 days after posting.

Engagement Photography

Would you like to enclose some beautiful portraits in your wedding announcements? Our engagement photography package is designed to be an affordable way to create some great portraits to share with your families and friends. Engagement photography is typically performed by a single photographer, within a timeframe of 90 minutes. Just like all of our weddings, we include the high resolution images as a digital download. You are free to copy, print, and share your photos as you choose. Dates are subject to our availability. Due to our busy shooting schedule, weekend engagement sessions are limited to off-peak months of the year. Engagement sessions are available exclusively to couples that have a wedding booked with Barnyard Photography.

We now offer one flat rate for engagement sessions when booked with a wedding package: \$285 for up to 90 minutes with your photographer. A savings of \$70 off if booked alone (\$355).

General Photography Options

Three Hour Service: \$775

Four Hour Service: \$850

Five Hour Service: \$925

- **Enclosed Photo Booth:** The booth will be entirely enclosed, so you and your guests have total privacy while taking your photos. This configuration is much more intimate, but cannot accommodate large groups. A bench is provided. Typically, two people fit comfortably, with an absolute maximum of four people in the picture. This type requires less floor space, only 5'x8'.

We will provide a scrap book for your guests to fill throughout the event. All of our prints are produced as double-strips. One for your guests to keep, one for them to paste into your scrap book. We will provide scissors, glue, & metallic markers. Additionally, we will assemble your album and deliver it before our departure.
- **Idle Hours:** \$45
Setup is typically one hour in advance of the opening time for a photo booth. Teardown is typically immediately after closing. If you need an early setup, late teardown, or want some idle time during the operating hours; just add Idle Hours as needed.
