Bridal Dress Replicas

The Wedding Dress is clearly one of the memorable garments worn in a woman's lifetime. I create a ceramic replica of the bridal gown as an everlasting memento that serves as a unique bridal or anniversary gift.

The sculptures are created from photographs of the wedding or of bridal fittings. They are approximately 17 inches tall and are made to order over a period of approximately 6 weeks. They are made of white stoneware or porcelain and range from \$400 – \$750 depending upon complexity.

To receive a quote for a custom bridal replica fill out the [bridal contact form](#) for a quick response!
