You have questions..  
we have answers

How do we obtain a marriage license?

Michigan residents will apply for a marriage license at the clerk of courts in the county that they reside in. Non-Michigan residents must apply in the county they will be married in.

Where will the ceremony take place?

Most couples prefer to have the ceremony on our beach, but we also have gorgeous gardens throughout our property, so this is entirely up to you. On the day of your arrival, you will walk the property with the elopement coordinator and choose the spot that best suits your vision.

How many guests can attend the ceremony?

This all depends on the package chosen. Our 'Just the Two of Us' elopement package is strictly for the couple. Our Intimate Elopement package allows for 4 additional guests. Due to the small size of our property we are not able to accommodate any ceremony larger than 6 people total.

Do we have to stay at Huron House to elope there?

Yes, our couples are required to stay a minimum of two nights at Huron House. Please note, the price of lodging is not included in the elopement package cost. However, guests of couples who select the Intimate Elopement package are not required to stay at Huron House.

Do you provide hair and makeup?

Hair and makeup are not included in any elopement package offered at Huron House. Our brides will need to book these services separately. We recommend Mj's Salon & Spa and Salon 121, both are located roughly 3 miles from Huron House.

## What will our flowers and cake look like?

Both are created to our couples unique vision. During the planning process, our couples are asked to provide inspiration photos of how they would like both to look. These photos are shared with our amazing team of vendors who work to create a cake and flowers as close to our couples inspiration photos as possible.

## Is Huron House LGBTQ friendly?

YES!

## What do we do after the ceremony?

After the ceremony and photos, you are free to spend the rest of your day in whatever way you please. Most couples like to arrange for a nice dinner somewhere, some like to schedule their couples massage for directly after their ceremony and some just like to relax. It's completely up to you.

## What time will the ceremony be held?

Sunrise, mid afternoon and sunset ceremony time slots are available. Some things to consider when choosing a ceremony time..

- Our sunrises are world famous (we didn't get the nickname Sunrise Side for nothing) making them the perfect backdrop for an elopement. The property will also be at its quietest during this time of day making this the best option for couples seeking a more private experience.
- Mid-afternoon is the warmest point of the day and often when the lighting is at its most harsh (not optimal for photography). Important for couples considering summer elopement dates.
- Sunset is another beautiful time for an elopement ceremony. This is also when our grounds will be the busiest with other Huron House guests enjoying the outdoor amenities. Couples seeking a more private experience are encourage to consider alternate times.
