Property Includes...

Our 7,000 square foot barn has everything you need under one roof. It is trimmed in wood and stained concrete floors. It has sliding barn doors, a gorgeous chandelier, white draping and string lights to make any event, one to remember.

If you are interested in a spring, summer, fall or winter wedding, our barn is climate controlled for year around events.

We can comfortably accommodate up to 275 guest.

Located in our barn, we have a glamorous bride's room complete with couches, vanities, and makeup/hair chairs.

A groom's room with a TV, game table and plenty of seating for them to hang out in and get dressed.

Men and women's restrooms.

A kitchen prep area for your caterer's needs.

Covered patio stringed with market lights. This space is great for a cocktail hour or outside dining.

A bar on wheels so we are able to provide services inside or outside on the patio.

Dark stained farmhouse tables complete with fruitwood chiavari chairs and ivory cushions. Our farmhouse tables do not require linens. We suggest a runner or simple greenery.

We offer different options for an outside ceremony that includes white garden chairs, whiskey barrels and a stylish hexagon arbor. A picture perfect weeping willow or a quaint creek surrounded by trees for a secluded intimate ceremony. If weather is a concern, we are able to transform the reception area to a ceremony space.

Our services include set up of tables and chairs, inside and outside. We also provide parking attendents.

Booking your event with us allows access to the property for engagement/ bridal pictures. You are able to take full advantage of the property's creek, bridge, trails, tobacco barns, old Ford truck and many other picture worthy locations.
