

Our most popular package to capture all the before, after and everything in between for large weddings. ( 100 plus guests)

**10 HOURS OF COVERAGE**

There are so many moments to capture during a wedding day. From the Bride and her Bridesmaids preparing their hair and make-up, the Bride's father getting a first look at his beautiful little girl all grown and ready to take the next steps of her journey in life. Then to our Groom and his Groomsmen all sharing memories, making jokes, tying thie ties and straightening their jackets. These moments happen a few hours before our couple proceeds down the aisle and say their " I do's".

After that first kiss is shared and the grand entrance has been made, the first dance, the cutting of the cake, and the tossing of the bouquet, there is the celebration. Time to capture your closest loved ones smiling, laughing and congratulating the happy couple. We recommend giving yourself time to relax and enjoy all of it and let us do the work !
