I want to make it easy for my guests to travel to and from the reception?

Country Life Limo can get 25 guests wherever you need them to go. We allow you to split service times for before and after the wedding and reception.

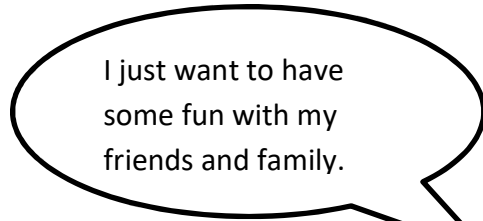

What if I just want to take the wedding party out for a while?

NO MINIMUMS! If you're just looking to have some fun between the wedding and reception, we can help you celebrate your nuptials!

I'm worried that it will cost too much.

Call us! We have ideas to help you make your day special without breaking the bank.

I just want to have some fun with my friends and family.

We do that too! Our primary travel area is to Lincoln, St. Joseph, Sioux City, and Ames, but we don't stop there. Let us know where your event takes you so we can help.

Weddings, birthdays, girl's nights, football games, whatever your transportation needs, Country Life Limo is the bus for you.
