SULLS

You're Getting Married!

So you're looking for an awesome wedding band to keep the party rockin' through the night. We're excited to be considered. You're probably looking to learn a bit more about us and what we offer...

The Brothers

We grew up playing music together in our childhood concert arena (Ok, it was our basement. But to us it was Madison Square Garden). Our gigs slowly turned from open mics and talent shows to colleges, clubs, and theaters. In doing this we got to live our dream of traveling, meeting incredible people along the way, and playing music. It took one friend who asked us to play their wedding to ignite our passion for creating incredible nights that will last forever. We haven't looked back since.

The Band

Our band is comprised of a consistent group of talented musicians! Familiar faces include our good friends Marcos Orozco and Osvin Yanes who are recording artists and musical directors, respectively. Together, we've partnered with notable names like Live Nation, Miller Lite, Two Roads Brewing and Mohegan Sun.

Our Music

While we're well versed in the classic wedding tunes sure to please guests of all ages, we also understand how to make your day reflect you! Our setlist includes the ultimate go-to songs and lots of hidden gems that will add a unique touch of magic to your special day.

Our Mission

We're passionate about the music we play and the memorable experiences we create for each couple and their guests. Our personalized approach and the time we spend getting to know you will bring your unique vision and dreams to life. Let's make it happen!

A Kind Word Or Two...

They are extremely professional, exceedingly accommodating, and were really the best part of the whole day! We had issues with rain and trying to get our reception inside and they were easy-going and didn't mind changing plans last minute to make our space/weather situation work. Everyone was blown away by their talent and they are just the friendliest people.

- Kiersten L. South Orange, NJ

Great band! Everyone kept asking where we found them. I would not hesitate to hire them again. They made our wedding so fun. - Jen D. Somers, CT

We had Brendan and Kyle play at our wedding up in Vermont in October and it was perfect! We had a bit of a unique situation where we were not allowed to have any "amplified music" of any kind. Basically - no amps, no microphones, acoustic only. I asked Brendan and Kyle about this and they were SO cool about it and totally on board to essentially play our wedding fully acoustic. On top of all that, they are two of the nicest guys. Our wedding was amazing - and The Sulls were a huge part of that. I highly recommend!

- Mike & Niki D. Sugarbush Valley, VT

Brendan and Kyle were professional, polite and a pleasure to work with. They worked with us on the playlist prior to the event and were well prepared on the day of the event. They were prompt on the day of the event and played their hearts out. I would highly recommend the Sulls for any event.

- Raj S. Fairfield, CT

They were very professional, sounded amazing, were highly energetic, mingled well with my guests, took song requests and got us all singing along!

FAQ

How much do you guys cost?

Our rates fluctuate based on the date of your event and location. You will receive a custom quote upon inquiry!

How many members are in your band?

Our standard band features 3-4 members. However, for smaller events and venues we can shrink down to our popular duo or in the opposite case, grow to a 5-6 member band.

I noticed you guys play some shows acoustic and some shows electric, what's right for my wedding?

If you are not sure whether or not you'd like an acoustic or electric band, let us know - we'd be more than happy to recommend a setup based on our previous experiences!

What different attire options do you offer?

Suits and ties, button downs and anything in between! You tell us what to wear and we've got it covered! (Suit options: Blue, Black or Grey)

When does the band require lodging?

We require lodging on a per event basis. When lodging is needed we require at least 1 bed per band member at a well rated hotel or airbnb.

How much space does the band require?

This depends on the band arrangement. We require a minimum of 15'x15' for the full band down to 8'x5' of space for the acoustic duo.

Does the band require meals?

While we don't always require a meal it does go a long way in energizing us to keep rocking the night away. At certain events, a meal is required and we will inform you if this is the case. Note: we've noticed it is best the band eats while your guests eat so that there is no slowing down the party!
