

A romantic couple embracing in a field. The man is wearing a grey button-down shirt and the woman is wearing a black sleeveless top. They are smiling and looking at each other. The background is a soft, out-of-focus landscape with tall grasses.

Wedding and Elopements

With me as your photographer, you can trust that your photo shoot will revolve around capturing genuine moments. I prioritize authenticity and avoid awkwardly posed smiles, allowing your true emotions to shine through naturally.

During our photography sessions, I will guide you with interactive actions that foster genuine connections, just like the hip bump captured in this image. I take pleasure in creating moments that elicit genuine laughter and bring out the fun-loving side of your relationship. My ultimate goal is to capture the authenticity of your love story, ensuring that every image reflects the true essence of your bond.

I strongly encourage collaborative brainstorming with my clients to determine the desired vibe and style for their shoot. As we get to know each other better and establish a friendly rapport, our creative ideas flourish, resulting in exceptional images. I greatly value my clients' active involvement in the process, from selecting locations to deciding on themes. Together, we will craft remarkable memories that will be cherished for a lifetime through beautifully captured moments.

I thrive on non-traditional photography! No matter what kind of wedding or engagement shoot you're into, I've got you covered. If you're planning a small and intimate wedding, we'll take our time and have a blast capturing the best shots just for you. Let's have fun and create unforgettable memories together!
