Hello! I am

*Lauren*

Hello and Welcome!

Congratulations, this is such an exciting time for you! I am Lauren McKay, the owner and lead photographer of the Frotographer Studios! Hey! I'm Lauren, a St. Louis, Mo native (GO Cardinals, GO Blues!). I'm a mom, lover of love, laughter and traveling. Most days you can find me in my sweats or leggings and a graphic tee running around the house playing with my four awesome kids. We spend a lot of our time making up games to play around the house and eating Chic-Fil-A or Crazy Bowl & Wraps, which are my favorite non-home cooked meals. Or, we all pile in my King-sized bed and watch action movies, we are HUGE Marvel Universe fans. On those special days I get total "me time" I enjoy hanging out with my partner, going out for drinks, trying new restaurants, and bowling. When I get the opportunity to travel for leisure, I jump on it. I LOVE traveling and seeing new places. If I can be on a beach, you best believe I'm there.

# Philosophy

Your wedding day is one of your life greatest memories and planning is a crucial element to making this day the one you've been dreaming of! By the time you get the hang of it, the planning is over!

My goal as your wedding photographer is to make this aspect of your planning process as simple as possible.

Photography is more than just images, they are memories you will hold on to for a lifetime.

Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When my couples feel comfortable and relaxed in front of the camera, the result is genuine, romantic, and magazine worthy photos!

Your wedding day is an experience from beginning to end and your photography is a huge part of that experience! I believe taking your photos should be fun, enjoyable and natural.

My goal is to not only capture your emotions but to add them with an experience you will never forget. Know that when my team and I arrive on your day that you can relax, confident that every single detail will be gorgeously captured for generations to come!

# THE PROCESS

To ensure that my couples enjoy the BEST photographic experience possible, I believe it is essential to form a relationship.

A couple should connect with their photographer, trust them 100% and be excited about the process!

This is one of the many reasons I include an engagement session with each collection! It's essential that we meet before the wedding day, hang out for an hour, capture photos, and by the end, you will feel like a posing pro! The portrait section of your wedding will flow beautifully since you will know things like how to "almost kiss." I know what you are thinking, what in the world does that mean?? Don't worry, you will know very soon!

RETURN TICKET TO A  
MOMENT OTHERWISE GONE."
