IT'S ALL IN THE DETAILS...

About Morgan Ruth Photography:

MEET MORGAN

A Little About Me...

While obtaining my degree in Studio Art - Photography at the University of St. Francis I had no clue what I was going to do after graduation. My sophomore year I was approached by a friend asking if I was interested in photographing her cousins wedding. I agreed and that's where things all began! By the time I graduated in 2010 I was photographing on average 10 weddings a year and things have only grown from there! I am so blessed that my hard work paid off and I had built my own career by my college graduation. I feel so lucky that I get to spend my time surrounded by happy people who are crazy in love. How crazy is it that people choose to have me with them on one of the most important days of their lives!?

I am a wife and mother of 3 (plus dog mom to 1)...I am coffee obsessed, a fitness and food enthusiast, lover of change, fan of anything Chip & Joanna Gaines, and I absolutely love everything about my job!

My Style:

I am in love with natural beauty. I would say my images are classic, simple, and timeless. I strongly focus on my couples to show their real emotions and capture these memories as you experience it. I strive to photograph your day exactly how it is with as little intervention and posing as possible. While I do provide my couples with guidance during the portrait part of the day, I encourage you to laugh together to create a more candid portrait that shows the true relationship and love that you share.

My Intentions:

I intend to deliver images that you are in love with and that show your day exactly how it was for you to remember it for a lifetime!

I'll add to your wedding day by keeping you stress-free and breezing through your wedding day photos. We will surely become your friends through the process and I love to stay in touch with you while your family grows. Seeing your life journey is one of my favorite parts of my job!

***SIT BACK, RELAX, &
LET US TAKE CARE
OF THE REST.***

The biggest day of your life doesn't have to be as stressful as everyone makes it out to be.

As your photographer, I will hold your hands, wipe away your tears (of joy, hopefully), and make you feel as comfortable as possible so you can focus on living in the moment.

The best pictures are the ones that are the most natural - the ones that are captured in-between poses. These are the memories we will create for you to cherish for years to come.

Just relax, enjoy the day, and be the beautiful, confident YOU that you are!

BE COLORFUL & CREATIVE...

Style Tip:

Color photographs well! Keep this in mind when choosing details like flowers, clothing, and accessories.

Don't get too matchy-matchy...

Play it up with mix and match fabrics, florals, and textures. This will be sure to give your photos that extra 'pop' that makes them stand out.

*THE MOMENT WHEN
ONE GENERATION
TURNS INTO THE NEXT...*

*“THE LIGHTING
WAS OUT OF
THIS WORLD.”*

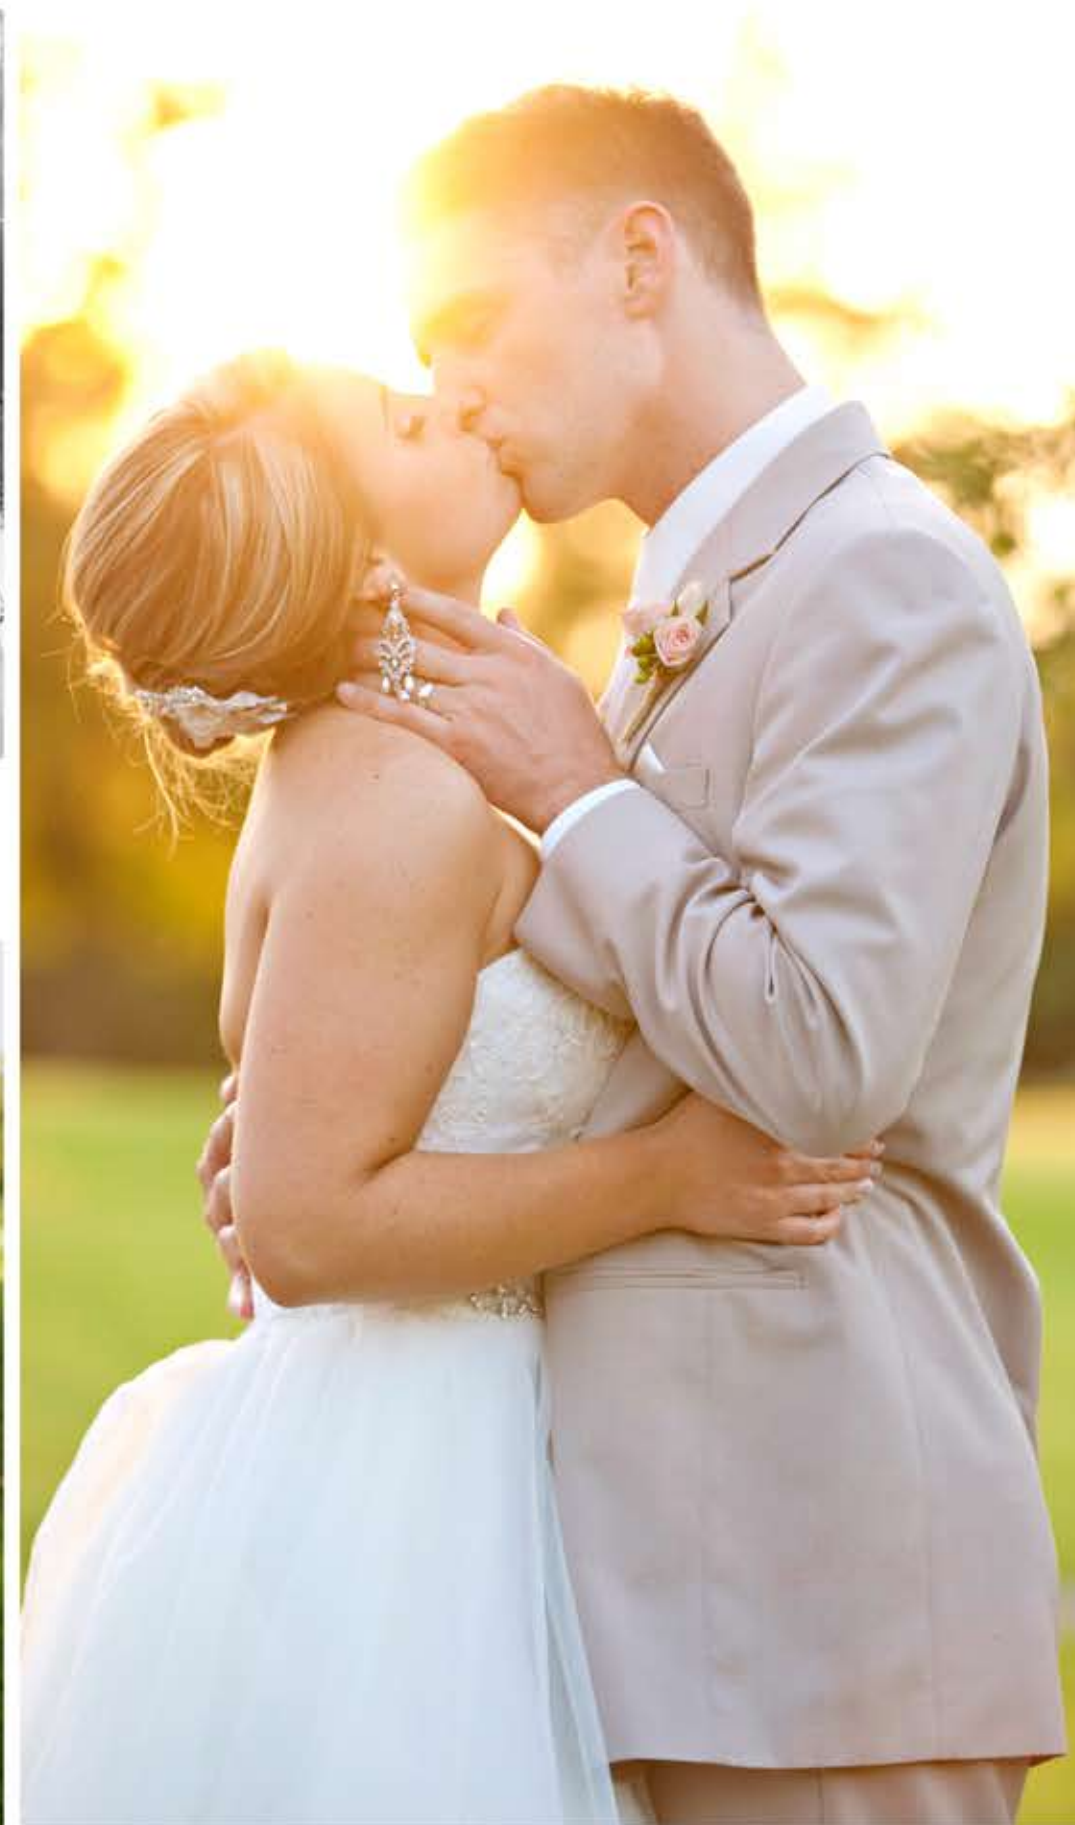

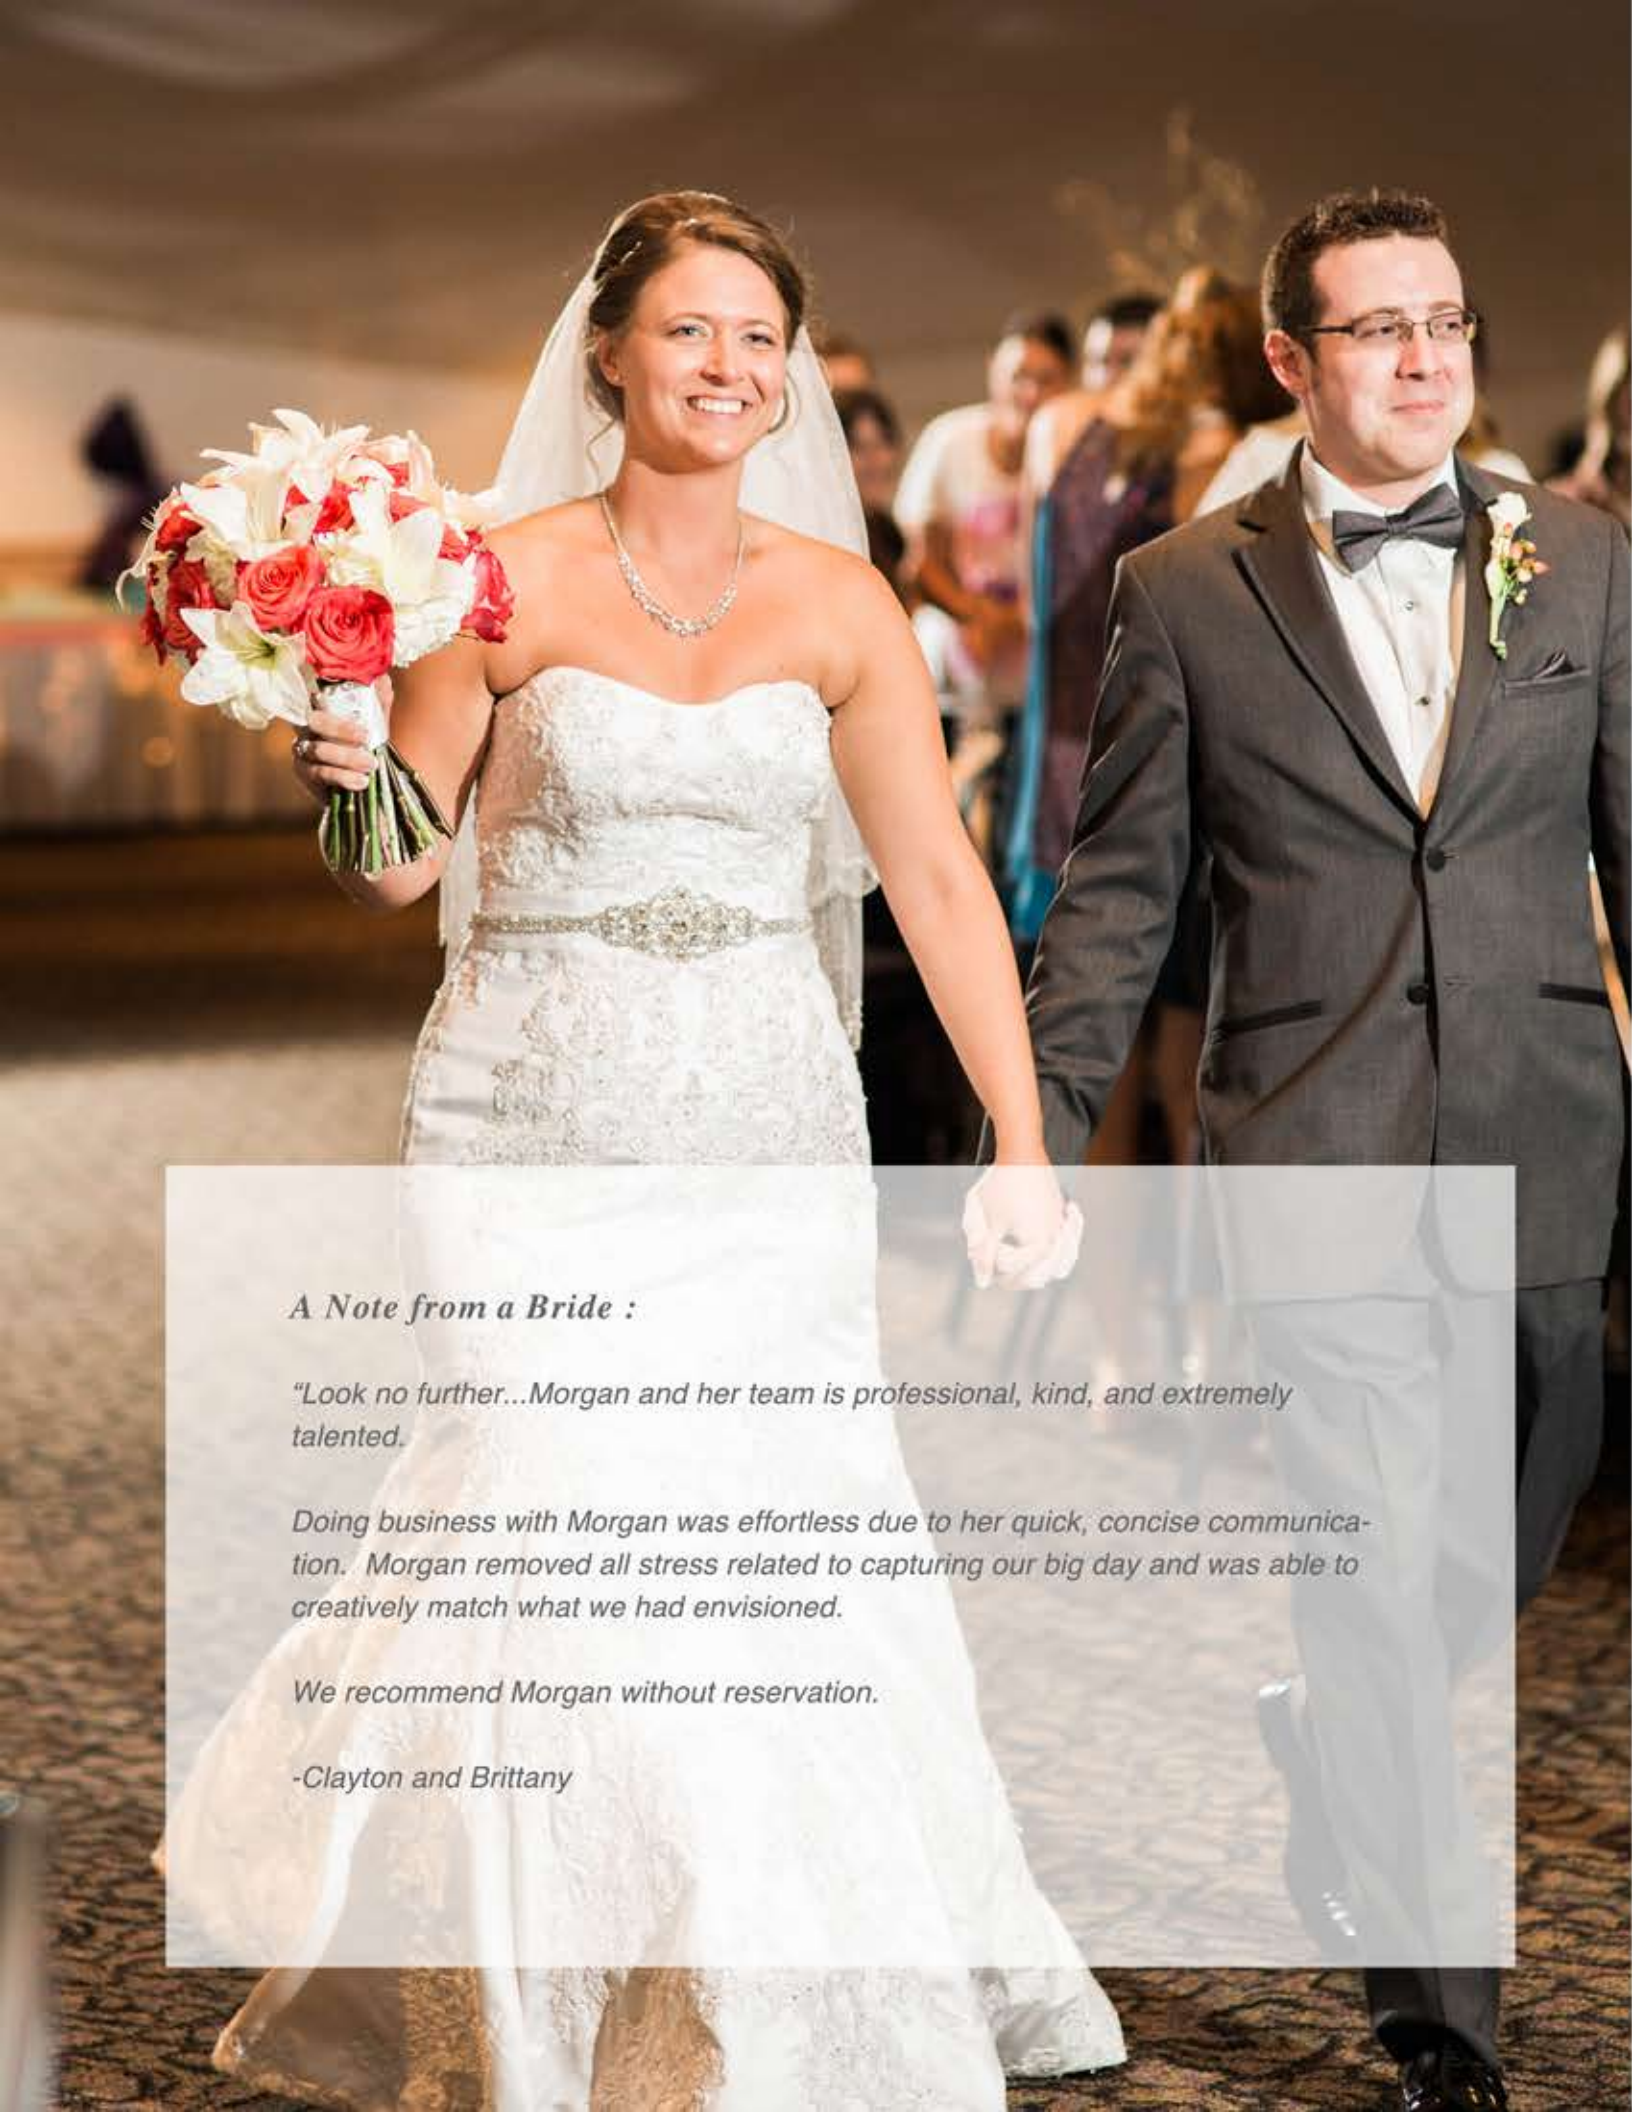

Photo Tip :

For evening weddings, plan an intimate 'first look' so you can make the most out of the beautiful lighting before your ceremony.

Guests will be thrilled that they don't have to wait long after the vows, as most of the family photos will already be out of the way. It might not be the traditional thing to do, but this is becoming a popular trend that we highly recommend!

A Note from a Bride :

"Look no further...Morgan and her team is professional, kind, and extremely talented.

Doing business with Morgan was effortless due to her quick, concise communication. Morgan removed all stress related to capturing our big day and was able to creatively match what we had envisioned.

We recommend Morgan without reservation.

FAQs

Q: What makes your work different from other photographers' work?

A: I take all of my photos in intimate, relaxed settings and try to use natural lighting as often as possible. My sessions are candid & fun!

Q: Will we get the printing rights to our photos after our wedding?

A: Yes! Upon receiving your images, you will also get a full printing release.

Q: How many photographers will be there at our wedding?

A: There will always be two photographers at your wedding in order to get multiple perspectives and extra shots of all of the details.

Q: Will we get featured in a magazine or blog?

A: Although many of my sessions do get featured, this is not something that is guaranteed. If this is something you're interested in, keep in mind most publishers are interested in colorful, uniquely designed weddings!

Q: Are the couples on your site models?

A: While I am lucky enough to work with gorgeous couples, the images shown on my site and blog are of regular, paying clients.

Q: How do we reserve our date?

A: Send me an email at Morgan@MorganRuthPhotography.com, and I can give you more information on this. A 35% deposit and signed contract is required in order to get your wedding day reserved on my calendar. 10 days prior to your wedding, the remainder of the balance is due.

Q: Do I have to order prints through you?

A: I highly recommend ordering prints through my professional vendors, but it is not required. The difference in quality is HUGE when it comes to ordering through a local printer and a professional lab, so I encourage clients to let me help with prints!

Q: What equipment do you use?

A: I use all top of the line Canon equipment - the 5D Mark III, the Mark II, 50 mm lens, 24-70mm lens, & the 70-200mm lens, 100mm lens, among other items. All of my pieces have a backup in the rare event that anything should occur to one of my cameras or lenses.

ADD-ONS

Extra Hours

My wedding packages begin at 6 hours of coverage. 6 hours of coverage is great for small low key weddings however, the average wedding is most comfortable with 8-10 hours of coverage. This allows for a more relaxed timeline and more time to capture all the important moments.

Wedding Albums

I offer a gorgeous line of high end leather albums that begin with 20 spreads. Together, we design the album to beautifully display the key moments of your day. Albums are available in 9 different leather colors.

Parent Albums

A parent album is a smaller version of your wedding album. As a great gift for your parents, this gives them a special way to remember your wedding in all of it's glory.

Prints

Prints and Gallery Wraps are available from wallet sizes all the way up to sizes in the range of 30x40. Ordering is easy from your private online gallery.

Extra Sessions

Additional sessions range from engagement, bridal, day after, rock the dress, and boudoir session. These can be added to any package you choose.

Photo Booth

Everyone loves a photo booth! My assistant photographer operates a large white backdrop for all of your guests to come have their picture taken with during open dancing at your reception. On site printing and props are not provided, but all images will be delivered with your wedding photos.

JUST THE BEGINNING...

A Photo Tip :

When planning for the big day, remember to include fun accessories! Your shoes, jewelry, flowers, and decor will make your wedding pictures that much more memorable. The more unique, the better!

If you are in need of a little inspiration, Etsy and Pinterest have tons of great resources! Of course, you want your wedding catered to your own interests, so don't be afraid to step out of the box and try something completely new!

A photograph of a wedding couple dancing in front of a grand, classical-style building. The groom, wearing a grey suit, is spinning the bride, who is wearing a white, strapless, floor-length wedding dress. The building has large windows and an American flag is visible in one of the upper windows. The scene is captured in a cinematic style with soft lighting.
