photography for adventurous lovers

Collectively Jamie Photography

Let's get *married*

Finding the right photographer for your wedding day is a huge decision and I'm honored that I am even considered. I know I personally spent a lot of time planning my own wedding and how important it was for me to find someone I clicked with.

A wedding with me is all about celebrating your love for one another. Some people want to spend the day with all of their friends and family or, they may want to have a more intimate ceremony but no matter what you choose, my goal is always to make sure you have the day of your dreams.

Some are naturals in front of the camera and others totally wig out – like me. I will be there to give guidance and make sure you forget the camera is even there. I'm big on capturing the candid little moments that have the most heart behind them. My style is authentically you.

One last thing, if you are anything like me, planning your wedding can be so overwhelming but I do my very best to take the stress out for you. With me, we will set up a timeline for the wedding to help your day go smoothly, go over any questions you have and make sure you feel as prepared as possible.

What's Included?

All of my packages include a bit more than your photos. I am a firm believer that each vendor should serve you to provide the best day ever! With me you'll receive my full attention as I only book one wedding per weekend. You are my main focus.

Any package you choose, even a custom package will include the following...

Timeline Planning

When you think about it, the only vendor spending the whole day with you is your photographer. I build a custom timeline with each couple to alleviate as much stress as possible. This will help your bridal party know when and where to be, help your vendors know when to set up and help you focus on what's most important.

24-Hour Sneak Peek

Waiting to get all your photos back is like waiting for Christmas morning. I ensure you'll receive 5-10 professionally edited images within 24 hours of your wedding to share with all your loved ones who could not be there to celebrate with you!

Engagement Session

Like I mentioned before, I will be with you all day so meeting up before hand might be nice! Not only are engagement session fun but, they help you know how I operate. You'll get awesome photos and have a fun date night. It's a win-win!

Engagement Session Style Guide

This 16 page style guide should give you everything you need to prepare for your engagement session with me. It includes outfit suggestions, location ideas and how to make sure you're prepared to have a blast! Once you book, you get this in your inbox right away!

Thank You Gift!

No spoilers but, once all the images are edited and shipped out, make sure you keep a really close eye on your mailbox.

How much do you edit your photos?

I am a firm believer in body positivity. I have and will never alter someone's proportions and I believe that every single person is beautiful. With that said I will however edit out acne, small scrapes, etc. These are not parts of who you are and I totally understand having stress acne pop up before your big day. You should not be shocked by the person you see in photos, you should be proud.

Do you work with LGBTQ+ couples?

Absolutely, yes!

When will we receive our final images?

All weddings and elopements take 6-8 weeks to complete from the date of the event. You will receive a sneak peek within 24-hours to share your big news with your favorite people. This usually contains 5-10 photos.

How much is my deposit to book?

Deposits for all wedding packages & elopements are \$500. This is non-refundable. The remainder of the payment is due at least 1 week before your event.

Do you shoot day after bridals?

Yes! I do offer options for bridals, adventure shoots or just an extra day to wear your dress and take rad photos. Contact me for details.
