About Me

I graduated from Ball State University with a Bachelors in Photojournalism and Advertising. I took several years off to be a stay-at-home mom but now my littlest one is going into school and I'm ready to go full force into photography. I love to photograph a variety of things but weddings are my favorite.

I have timeless style with a photojournalistic edge. I shoot a variety of natural light and off-camera flash to get the best look in any situation. I have a variety of experiences including shooting events for the Muncie Symphony Orchestra.

I cater to Central Indiana but I also travel all over the state, as well as destination weddings. (Travel fees my apply) Contact me to discuss the details of your wedding!

What can I expect when I hire Melody Withers Photography?

Melody Withers Photography strives to exceed your customer service expectations. When you hire Melody Withers Photography, we will have an initial meeting to go over the contract. This meeting could be over the phone or through email, depending on your scheduling needs or how far away you are. I will be in contact for any questions that you may have up until your wedding day. About a month before your wedding, I will contact you to set up a pre-consultation meeting to go over the entire wedding day. Before the meeting, I will send out a wedding questionnaire for you to fill out. When we meet, we will go over the timeline, if you want a reveal, and every other detail of the day. I want to customize the entire day to your wants and needs. It is your day and I want to make it as special as you have always dreamed.

What is included in your packages?

I offer a wide variety of services and products in my packages. The most basic packages offer coverage. The basic package covers the entire day including getting ready, wedding, portraits, and the reception. With this, you receive a DVD set of the edited high resolution images with printing rights. It also includes night portraits at no additional charge.

My other packages include beautiful products that I am absolutely in love with. These hardbound, lay-flat books are amazing. I would love to meet with you and show you them in person.

I, also, offer add-ons to my packages. Such add-ons include engagement sessions, second-shooter, and a variety of print products.

It some situations, I offer custom built packages. These packages include all the things you want and excludes the things you do not.

Frequently Asked Questions

What is a reveal?

A reveal is when the bride and groom decide to see each other before the ceremony. We hold a special moment between them to see each other for the first time. That way all photos can be done before the wedding and you can go straight to the reception afterwards. It is a great option to allow for more time for photos.

Do I have to do a reveal?

No, if you decide you want the first moment that you see each other to be during the ceremony, you do not have to do a reveal. A lot of couples choose to have a reveal to allow for more time for portraits, however, it is YOUR day and Melody Withers Photography wants to make it as special as you have always dreamed.

Do you work with a second shooter?

I offer a second shooter as an a la carte option. Most weddings, I shoot the entire event on my own with an assistant. Because I strive for the highest quality and consistency in all my images, I find it best to do the shooting all my own. If you view my work and still find that something is missing with just one shooter, you have the option of adding one to your wedding package.

If I just choose a package that is coverage, can I purchase a book later?

Yes, you can order a book after your wedding if you decide to. It is discounted if bought in a package but you can still purchase it as an add-on later. Another way, is to tell your family and friends that you would like Melody Withers Photography gift certificates as a wedding gift and use those towards the purchase of books.

Do you have any referral incentives?

Yes! For every wedding you refer to me that books, you receive a \$50 Melody Withers Photography gift certificate that you can use for sessions, print products, books, and more. You can save up and purchase one of those beautiful books from your wedding!

What is the "Try Before You Buy" Option?

The Try Before You Buy option is a special option I created to help reduce the stress of choosing your photographer. How it works is you purchase an engagement session and after the session, when you realize how awesome I am, what you have paid into your engagement session goes toward your wedding package balance.

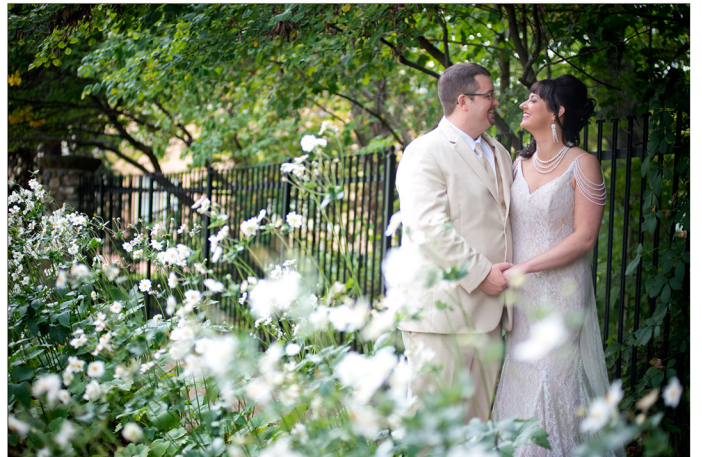

Everything sounds great! How do I hire you?

You can contact me by email or by phone to set up your meeting:

Testimonials

Heather & Travis

Melody was an amazing person to work with! She created a sense of ease from the very beginning. It was obvious that she really enjoys photography and it shows in her work. When meeting with her before the wedding she was well organized, and thorough in her questions. (plus friendly!) During the wedding she was right there with me the whole time, keeping me on track. I had not realized how important of a role your photographer would play until that day, and boy am I happy with my choice! She created a calm environment and made me feel at ease the entire time, which allowed her to capture my/our genuine expressions of the beautiful moments. And Melody was definitely working for the good shots... (ie: standing on window ledges, chairs ect...) If you want some awesome photos for a fair price, choose Melody!

Krista & Ryan

My husband and I started planning our wedding just 6 months prior to our wedding date. We had trouble finding a good photographer at a good price, being so close to the big day. That's when we had heard about Melody through a friend- and I'm so glad we did! Melody did a wonderful job--from the consult, to the wedding day, to the slideshow and disc of edited pictures. Every question we had, she answered, and was creative and professional through the entire experience! She made a slideshow of pictures from the big day and the first song that played along with it was our first dance song! If you are looking for an amazing photographer at an awesome price, go with Melody Withers Photography.. I promise

Erica & Jan

Melody is an AMAZING photographer!! She was great about meeting and talking about the big day and making a plan for what pictures we wanted to take. She was very professional and prepared. Melody also takes a ton of pictures and they all turn out amazing. I have had many people compliment me on my photos and ask who my photographer was. If anybody is in need of a photographer I would recommend Melody to anybody! She is definitely was over a 5 star photographer!

Allison & Brian

In searching for wedding photographers, my husband and I felt we had choose between a good budget and good quality. Throwing budget to the wind, I sent him a list of eight photographers' websites, and he chose Melody's first. She quickly responded that she was not only willing to work with our budget, but she was very flexible in scheduling an engagement shoot the following month. My husband (who was not too excited about getting photographed) and I had so much fun with our engagement shoot, we had no question that we wanted Melody to shoot our wedding! With her flexibility, relaxed personality, and creative vision, Melody's photos were one of the best parts of the wedding planning process. She captured every important moment of our big day, and we didn't even notice her during our ceremony! Since we had portraits done before our ceremony, she completely surprised us by bringing prints DURING our reception, which were able to enjoy before receiving the rest of our package. Our photos were beautiful, timeless, and affordable. We can't recommend her enough!
