- * One stop shop for all design needs

Wedding stationery expert and designer. The latest trends, designs and styles for each wedding season. A premier freelance designer that takes things one step further with advanced skill sets, designs & expertise.

THANK YOU SO MUCH FOR BEING SO FREAKIN AMAZING! I got so many compliments on my invitations and programs!!! You were amazing. Very punctual. Fast. Creative. You did great. I love you. - *Sarah Kennedy, Bride*

I was so impressed with all of the designs provided by Expressions by Em. Every piece that was created for our wedding looked beautiful and was done very professionally. The stationery was a true representation of my personality and I appreciated the fact that my opinion mattered. I was very satisfied with everything that was done for us and am excited to do more business with Expressions by Em in the future. - *Christie Williams, Bride*

The details were the most important element of Cory and my wedding. Expressions by Em was able to take the ideas in my head and make them a reality by producing high quality design and print. I felt my projects received personal attention to ensure that each piece was exactly what was needed to complete the vision. The service was extraordinary and there was never an issue with any of my requests- even the need for additional seating cards 2 days before the wedding! Although the wedding planning is over for me, I will be using Expressions by Em for all my future design and print needs. - *Abby Darrington, Plum Event + Design*
