Additional Lighting

Our Party and Reception packages include disco laser lighting. However, sometimes additional lighting can add a special ambience to an event.

GoBo - We can custom make your design. Prices start at **\$100.00**. A consultation will be needed to determine your final price.

Uplighting - **\$25.00** per wired LED Unit, and **\$50.00** per wireless LED Unit, with a **15% service charge**. A separate deposit may be required to reserve uplights.

Additional Items and Services

We realize that every event is different, and one size does not fit all. Therefore we offer the following options for your special event.

- **Extra Time - \$100.00** for the first hour or a portion thereof beyond the base charge. Each additional hour beyond that is **\$50.00** if scheduled in advance. At the event, all extra hours are **\$100**. If you want the party to continue, just let us know. We will keep playing until you want to stop.
- **Extra Sound System and/or area - \$150.00** If there are two parts to your event that requires an extra sound system setup. For example: your ceremony is in one room, and your reception is in another room, this would require a second sound system in a second area.
- **Extra Microphones** - Our packages include standard microphones at no additional charge. If additional microphones are needed for other parties, we will provide a wired microphone for **\$25.00** each. We do not recommend additional wireless microphones within the same area as "bleed over" can sometimes occur.
- **Rehearsals** - We will provide a representative for your rehearsal without music for **\$100.00**. With limited sound and music (not a full sound system setup, but enough so that timing can be established) **\$150.00**.
- **Travel Fees** - If your event is outside of the metroplex, there will be **\$25.00** charge for **each 30 miles** beyond the first 30 miles from **Shelton Productions**.
- **Outdoor Setting - \$100.00** surcharge for outdoor events during spring and fall. **\$150.00** during the summer or winter months.
- **Video Slide Shows** - The price starts at **\$100.00**. Consultation for this service is required for the final price.
- **Fog Machines** - We can provide a fog machine for **\$50.00**. Although Fog Machines do add an extra ambiance, they are prohibited by most venues for indoor use due to fire alarm systems. Please check with your venue before requesting a fog machine.
