*Let me capture your love story!*

## MY PHILOSOPHY.

These moments in your life will be the happiest memories that you will look back on. I take such honor in getting to capture those memories for you! This is my full time job, obsession and brings me so much joy. If you choose me as your photographer, you are choosing a friend as well! Your photographer is the vendor that you will be spending the most time with on the most dreamt of day in your life, so you want to make sure you enjoy being around them. That is why I love to offer a free engagement session with my wedding packages and offer in person timeline meetings so I can meet you and form a strong connection, but also so you feel really comfortable while you get your pictures taken. I want to do as much as I can to contribute to your wedding being the absolute dream day that you want it to be!

# HI, I'M MORGAN.

*A WEDDING & LIFESTYLE PHOTOGRAPHER  
BASED OUT OF ST. LOUIS, MO.*

First of all, thank you so much for your interest in Morgan Martin Photography! My work is my passion and I hope that shines through when you look through it. I got started with photography in college and I fell in love with telling people's stories in such a fun and beautiful way. It is so important to me that your personality shines through your photos and that they really look like you and who you are as a couple. I want your photos to tell your story!

I have my own story and it all started with my husband and I falling in love. If it weren't for him, I would not have been able to pursue this passion. His love and support of my dreams have made them a reality! Now we have two beautiful children and it really has been the fairytale that I want everyone to experience. What an honor it is to get to capture the beginning of your love story!

# frequently asked.

## when will I receive my photos?

you'll receive a sneak peek of a few photos within 48 hours of your day (I know you're anxious to 'gram!). for engagements, photos are delivered within 2-3 weeks. weddings are delivered within 6-8 weeks.

## do we need an engagement session?

this is up to you, but I totally recommend one for a few reasons! First, my style of photography works best when we've gotten to know each other. an engagement sesh is the perfect time for us to hang out & spend time together before your day! it's also a great way to get comfortable in front of the camera, and practice makes perfect. it's totally natural to feel a little bit nervous/awkward when you're not used to having your photo taken, but your engagement session will make you two pros by the time the wedding rolls around!

## how many images are included?

you can expect to receive 50-75 final hand-edited images per hour of coverage! after your wedding day, I'll remove any photos you wouldn't want or need (people blinking, blurry, etc) and edit & deliver the rest! don't worry, I won't withhold any images I think you'll want.

## do you give us the raw photos?

nope! I don't send any un-edited/raw files! most of the magic happens during the editing process, so without that step your photos are only halfway done!

## why do I need a timeline consultation?

In my opinion, a consult is very important to make sure that each hour I am there is used in the most meaningful way. I have a lot of experience capturing weddings, so I have a really good idea of how much time is needed for each photo opportunity. You are paying me for 6 or 8 hours, so I want to make sure each of those hours is used wisely!
