

Kevin Chuey

PHOTOGRAPHY

Congratulations and Welcome!

Congratulations on your engagement and upcoming wedding! I understand how hectic planning a wedding can be, so I try to make things as simple as possible for couples looking for information about my photography services. The information below should answer most of your questions regarding my style and pricing.

About Me

I am a photographer located in Mayfield Heights, Ohio, a suburb of Cleveland. I specialize in Wedding and Event Photography. In the past decade, I have had the honor of documenting hundreds of weddings and events for couples and families from many cultures.

When I am not working, you can find me spending quality time with my beautiful wife and our three wonderful children. I have enjoyed capturing moments of their childhood through photos, and can not wait to see what their future holds.

My Style

I strive to capture the emotion of the moment in every one of my photos. In technical terms, my style would be described as photo-journalistic with a mix of relaxed creative photos. When the moment calls for posed photos, I create natural-looking moments through interaction. Through this mix of photo-journalism, creativity, and posing, I am able to capture the story of your wedding day in a collection of images that you and your family will cherish for generations.

Pricing

Every wedding is unique. Your wedding photography package should reflect your wedding. Photography packages can be configured to meet your needs with the optional package add-ons found below.

Wedding Collection - \$2750

- Up to 8 hours of wedding day coverage
- Complimentary Engagement Session
- Edited, high-resolution files delivered via Online Gallery

Package Add-On Options

Engagement Session - Complimentary

Engagement sessions are a great way to capture and showcase your relationship in a less formal setting. Whether it was your love of nature, sports, art, or music, whatever brought you together, we can work together to incorporate it into your session.

Second Photographer - \$600

While I do my best to capture the entire story of your day, I can only be in one place at a time. Adding a second photographer is a great way to ensure that each important moment is captured on your wedding day.

Custom USB Drive - \$150

You want more than just digital files to remember your wedding day. Keep your photos safe on a custom USB drive, engraved with your names and your wedding date, presented in a custom-designed case using photos from your wedding.

Additional Coverage Time

Additional coverage time can be added to any package for an additional cost of \$250 per hour under 12 hours, and \$300 per hour over 12 hours.

Albums

Preserve the story of your wedding day in a beautiful, custom-designed, and hand-crafted album. Using images that you select, I design an album that will take you back to your special day. Each album is handcrafted using the finest materials. The Signature Series displays your photos on the highest quality photographic paper, flush-mounted onto a thick, sturdy page. The Classic Series offers the same quality prints on a slightly thinner page. Both the Classic and Signature albums feature a panoramic print, so there will not be a cut in the middle of your photos, and both are available in a variety of cover options including Genuine Leather, Acrylic, and Metal.

Classic Albums

12 x 12 - \$700

10 x 10 - \$600

8 x 8 - \$500

Signature Albums

12 x 12 - \$1000

10 x 10 - \$900

8 x 8 - \$800

What's Next?

Every wedding is unique. From locations to schedule, to that special photo that you just have to have, I am available every step of the way to make sure we capture and preserve each special moment. I encourage every couple to meet with me in person before making a decision. This meeting gives you a chance to get a feel for my personality and how I work and also gives me a chance to better understand what you are looking for in a photographer. I understand that in-person meetings are not always possible. With that in mind, I am also available to chat via Zoom, FaceTime, Google Meet, or even old-fashioned phone calls.
