Thanks to Nick and his amazing staff, I just experienced the most magical, fairytale of a wedding that far surpassed what I could have ever even dreamed up!!! The setting literally could not have been any more charming and beautiful... the gardens made for an absolutely perfect ceremony setting, the barn, patio, dance hall, dining room and fire-pit area made for so much opportunity for our guests to explore and enjoy themselves! The food stations were no surprise DELICIOUS from the sushi and savory/sweet crepes, to the customized pasta and carving station... I actually ate at my own wedding! :) The dance floor was packed ALL night and he didn't even get mad when our music was so loud 80 glasses were knocked off the shelves and shattered everywhere (sorry again about that!) All the unique extras that he came up with helped make our wedding even more special... he let my bridesmaids and I get ready in the house so our pre-wedding pictures could capture the old world charm of the estate home, he projected a slideshow of photos for us on the side of the barn, set up a s'more bar late night, and even personally offered (along with his staff) to drive my guests back to the hotel so everyone got back safe! Thank you for the best memory of my life - Chris and I could not be happier with Saturday - you made our dream wedding a reality! And PS, thank you for even ordering us a rainbow! :)
