I am a New Jersey based documentary wedding photographer / videographer. I have extensive experience in both photography and digital imaging gained over the years working for world-class fashion and corporate clients. FAQ'S

What is your style of photography?

I am a photo-journalistic photographer. It is important for me to capture true emotional moments from your wedding day and tell a story. I also have extensive knowledge of posing and formal photography gained working in advertising and the fashion industry.

What are the differences in editing styles?

Social Edit: One minute teaser posted the week after your wedding.

Documentary Edit: Light editing of raw footage set in a chronological timeline. Your wedding day's events from start to finish professionally edited in a way to engage the audience. Unedited dialogue, no added music.

Highlight Edit: 4-7 minute cinematic edit using music, dialog and visuals to tell your wedding story.

Feature Edit: 30-40 minute cinematic edit using music, dialog and visuals to tell your story.

Do I have full rights to my images?

Yes you have full ownership of your digital images. The only thing you can not do is sell them for profit.

Do you offer drone coverage?

We use drones to help capture your day. Certain locations may have restricted airspace but we most likely will be able to fly low and get the shots we need.

What is your business policy for travel expenses?

There is no travel fee for locations 60 miles or less from Randolph, NJ. There will be a \$100.00 additional fee for loactions more then 60 miles from Randolph, NJ. We do love destination weddings.

Two professional videographers will cover your wedding. Additional photographers are available for an added price.

Do you have insurance?

Yes we carry liability insurance and will provide a certificate of insurance to the venue.

Payment schedule: 25% at contract signing, 50% seven days before the wedding and 25% sixty days after the wedding or when all images and albums have been delivered (wichever is later).

We accept check, cash and credit card.

What is your turnaround time for my images/videos?

Social media images posted within 5 days of the wedding. Full image gallery 4-6 weeks. Documentary and Highlight edit within six weeks of the wedding. Feature edit within 10 weeks.

What music do you use?

Music for your video is chosen from a paid online catalog. We pick music to compliment the style of the wedding. Music used for online distribution must have a copyrite. You can choose popular songs for your edit, but the online version would need to be private.
