

Capture 3
Wedding Contract

This contract is between Capture Three and _____.
Capture Three will provide videography services for _____(s) wedding date on _____.
This service is Capture Three's base package of \$850 for wedding videography, which includes:

- Two videographers (Two Cameras)
- All day filming
- Professional Lighting
- Cinematic 4-6 minute highlight film w/ music
- Professional wireless audio
- One Week Turnaround

Capture Three now provides an "À la carte" feature where you can add individual items to this package as you see fit. These items can be added at any moment within the year after your wedding or before. These items are listed below in this contract so it can be adjusted and agreed upon at anytime in the future between _____ and Capture Three.

To book a date a 30% deposit is required; this is non-refundable.
In addition 30% percent deposit is also required for all "À la carte" features; also non-refundable.

Date _____ Int _____ Capture 3 _____

___ **Wedding Photography (\$550) {Special}**

Date _____ Int _____ Capture 3 _____

Note: 4k Video, and Documentary Film can not be added after the wedding.

Gas - 0.53 mil after 30 miles

Payment - Check,Cash,Paypal,Square, Credit or Debit

- **Third Filmmaker-**

Adding a third filmmaker to either your ceremony or full day would ultimately give you more angles of your wedding. This can range from catching more actions in the crowd, mom and dad crying, a beautiful wide shot of your ceremony and all the decorating with you and your spouse in the middle of it all.

- **Documentary Style Film-**

What makes the documentary film different from our base package is the personal sit downs we have with the bride and groom. We would pull each one of you separately away somewhere quiet where we can ask a series of six to twelve questions or give personal messages. This will then be cut into your highlight.

- **4K Video-**

We offer 4K Video, but do not recommend it to anyone who does not have a 4K TV or monitor display. Simply because your not really able to see the detail of 4K if your TV/ monitor does not support it.

- **Same Day Highlight Edit**

This feature is exactly what it sounds like. We edit your highlight that night of the reception and project it onto the wall for everyone to view with you. How does this work? This feature ultimately includes three filmmakers for the whole day, once the reception has started one will break off and begin editing. The best thing about this feature is if you have not added anything like a 30 or 60 minute feature the job is done. Note: That this also means that the payment would need to be paid after the highlight is played.

I _____ by signing below understand the above contract and the "À la carte" feature
