Gas - 0.53 mil after 30 miles

Overtime - 175/hour

Payment - Check,Cash,Paypal,Square, Credit or Debit

- **Documentary Style Film-**

What makes the documentary film different from our base package is the personal sit downs we have with the bride and groom. We would pull each one of you separately away somewhere quiet where we can ask a series of six to twelve questions or give personal stories or messages. This will then be cut into a 7-15 minute video

- **4K Video-**

We offer 4K Video, but do not recommend it to anyone who does not have a 4K TV or monitor display. Simply because your not really able to see the detail of 4K if your TV/ monitor does not support it.

- **Same Day Highlight Edit**

This feature is exactly what it sounds like. We edit your highlight that night of the reception and project it onto the wall for everyone to view with you. How does this work? This feature ultimately includes three filmmakers for the whole day, once the reception has started one will break off and begin editing.

I _____ by signing below understand the above contract and the "À la carte" feature
