Small-Town Charm

Los Alamos is a small rustic town with a rich Western heritage that has recently become a popular foodie destination. Surrounded by beautiful rolling hills and wineries, it is the perfect spot for a wedding. There are several hotels in the area as well as a range of Bed and Breakfasts and home and condo rentals.

Plenty on Bell

Plenty on Bell is located in an attractive historic building that was originally the town's hardware store. A popular dining and event venue, Plenty boasts a stylish dining room as well as a romantic tree-lined patio. It's the perfect choice for intimate weddings.

Plenty is co-owned by Jesper Johansson, originally from Sweden. Jesper was the first chef to call Los Alamos his home, a pioneer in launching the town's culinary reputation. He uses fresh local ingredients in his celebrated meals and can provide menus to fit every taste and budget.
