The Process

01. Inquire

You love the work and want to know if we're available for your day. We'll meet, laugh until we cry, and decide we're going to be best friends.

02. Book it

We're official! You'll get periodic emails from me containing helpful planning tips, my preferred vendor list, and my Welcome Bridal Guide.

03. Engagement Session

It's time to practice what it's like being in front of my camera - trust me, it's gonna be a lot of fun! We'll pick a date, time, and location, play games, and laugh until our tummies hurt!

04. Prep time

A few months before your wedding I'll send over a wedding questionnaire. Using the info you provide, I'll create a photography timeline and family shot list. You'll have the opportunity to revise and edit both.

05. Wedding Day

It's time to relax, let go of your expectations, and enjoy the day. If you start to feel stressed out, take my hand and trust that we've got you. The day will go by quickly so your only job today is to have fun!

06. Relax & Ordering Session

OMG you're married!!! Withing 10 weeks you'll have your wedding photographs in hand. From there, you'll have the opportunity to order professional print products including your first heirloom photo album!

How it works

We have a team of skilled photographers who are handpicked and personally trained by Lauren to shoot in Lauren's signature style. Each photographer has shadowed Lauren to watch how she works with clients, poses and prompts them, styles details, shoots ceremonies and receptions, etc.

Lauren will stay your main point of contact throughout the planning process.

The associate will photograph your wedding day then give Lauren the photos to edit with Lauren's signature editing style.

Let Lauren know if you're interested in an associate collection and she'll send over available associates' portfolios for you to look through. :)

Sometimes I'm
booked on your date.
We figured out how
to be in two places at
once!
