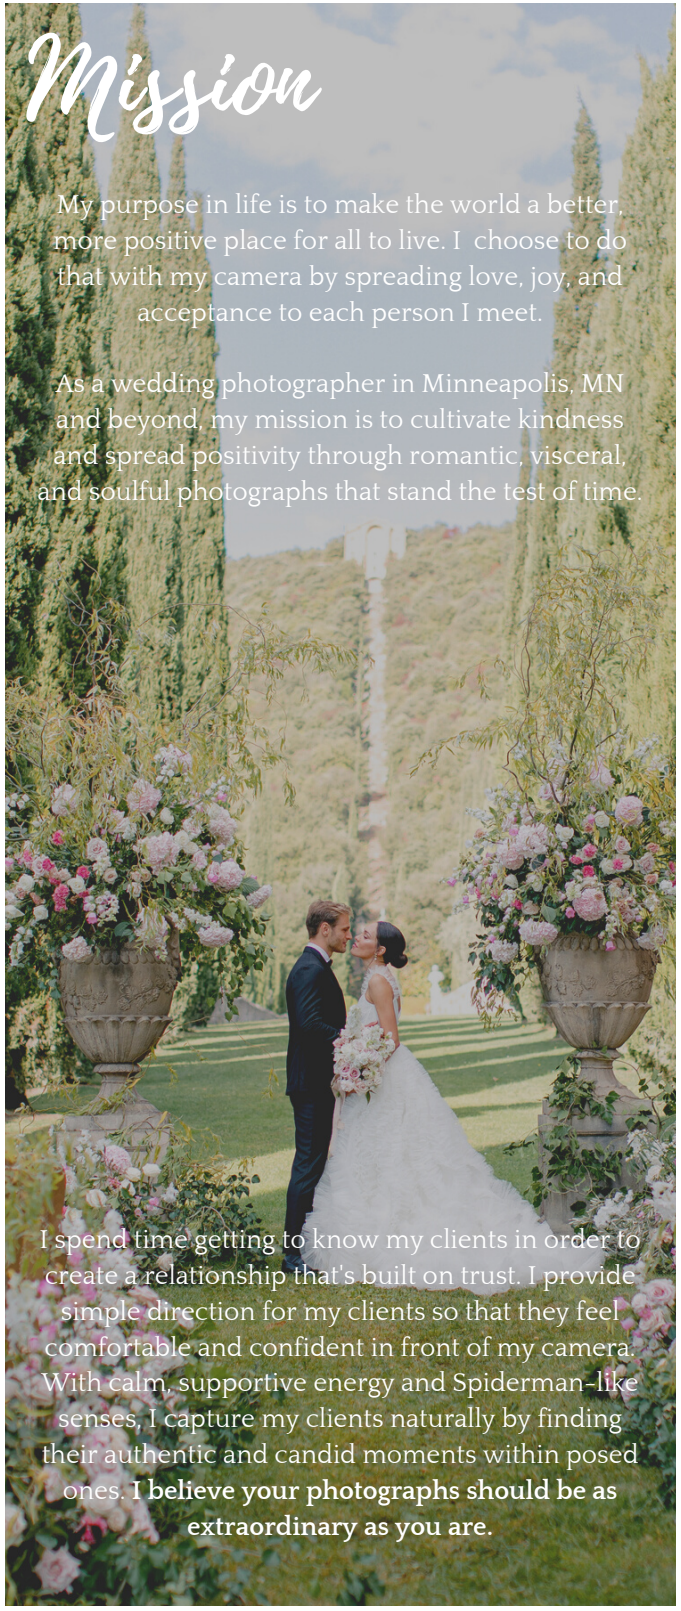
Mission

My purpose in life is to make the world a better, more positive place for all to live. I choose to do that with my camera by spreading love, joy, and acceptance to each person I meet.

As a wedding photographer in Minneapolis, MN and beyond, my mission is to cultivate kindness and spread positivity through romantic, visceral, and soulful photographs that stand the test of time.



I spend time getting to know my clients in order to create a relationship that's built on trust. I provide simple direction for my clients so that they feel comfortable and confident in front of my camera. With calm, supportive energy and Spiderman-like senses, I capture my clients naturally by finding their authentic and candid moments within posed ones. **I believe your photographs should be as extraordinary as you are.**

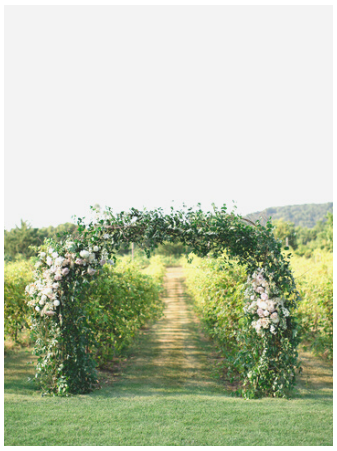
PHOTOGRAPHY



The Process

01. Inquire

You love the work and want to know if we're available for your day. We'll meet, laugh until we cry, and decide we're going to be best friends.

02. Book it

We're official! You'll get periodic emails from me containing helpful planning tips, my preferred vendor list, and my Welcome Bridal Guide.

03. Engagement Session

It's time to practice what it's like being in front of my camera - trust me, it's gonna be a lot of fun! We'll pick a date, time, and location, play games, and laugh until our tummies hurt!

04. Prep time

A few months before your wedding I'll send over a wedding questionnaire. Using the info you provide, I'll create a photography timeline and family shot list. You'll have the opportunity to revise and edit both.

05. Wedding Day

It's time to relax, let go of your expectations, and enjoy the day. If you start to feel stressed out, take my hand and trust that we've got you. The day will go by quickly so your only job today is to have fun!

06. Relax & Ordering Session

OMG you're married!!! Withing 10 weeks you'll have your wedding photographs in hand. From there, you'll have the opportunity to order professional print products including your first heirloom photo album!
