

Pricing Sheet

Silver Collection - \$2,500

This Partial Planning Package includes approximately 50 hours of expert consulting services. What's included:

- Approximately 25 hours of planning assistance to be used for any of your planning needs, including such things as establishing your budget, curated vendor recommendations, design recommendations and assistance, and attendance at vendor meetings.
- Up to 20 hours of wedding day coordination (10 hours each for a consultant and one assistant; additional coordination staff may be added on as needed for more complex or larger weddings)
- Approximately 2 hours for professional wedding rehearsal coordination
- Approximately 3 hours for the final walk through at your reception venue (usually occurring about one month prior to the wedding)
- An online portal of wedding planning tools, templates and advice for your wedding.

Gold Collection - \$4,200

This is a Full Service Package and includes approximately 75 hours of expert consulting service. It includes everything in the Silver Collection, but more of our time and attention for your needs.

Platinum Collection - \$5900

Our premium end Platinum Collection is designed to give you planning and design services for virtually every aspect of your wedding. It also includes detailed assistance and research in your search for a wedding venue. On average it involves at least 100 hours of professional planning and design services, plus all of the features of the Silver and Gold Collections. For *Indian weddings* (which we love!), which traditionally require our assistance with and presence at an all-day event, we generally require the Platinum Package.

Destination Weddings Outside of Colorado.

This pricing is custom. However, unless the wedding is quite small, in most instances it consists of our Platinum Package, plus all travel fees and related expenses.

**Please note: We no longer offer day-of or month-of coordination services. We find our client relationships and the production of the wedding to be at their best with full or partial planning.
