Wedding Packages

Weekend Package

This is a 2-day package for families who need a solution for destination weddings or just want total coverage for their entire event...sound and music for the Rehearsal or Welcome dinner on a Friday followed by the Ceremony and Reception on Saturday, for example. This is Adam's favorite package to offer, even though it takes him away from his family for a couple of days! He gets to meet and work more closely with your family and friends as your special weekend commences. Let's work out the details, especially the (travel/room/board) options, and make it happen. This package includes any in-house options Adam can provide and fit in his van!
