The Sisterlee Photography Experience

Your wedding day is one of the most important days of your life. You will be surrounding yourself with your closest family and friends. Each person is there to support, encourage and love you, and to help make your day as memorable and wonderful as possible. We don't take the responsibility of capturing your day lightly, and we believe the experience is equally as important.

That is why we do everything we can do make sure the day runs smoothly, and to provide a relaxed and fun atmosphere. We are the ones that get to walk right alongside you throughout each event of your day and watch you experience it. We value professionalism, kindness, and hard work.

You will receive your images approximately six - eight weeks after your wedding date. We will first email a link to the website of images so you can view and share them with all of your family and friends. Once we are finished with your website, we will mail you your USB.

Your wedding album is designed by us personally. We carefully select images that reflect the detail, beauty and most precious moments of your day. Because our albums are all one of a kind handmade in Montana, they are delivered in person (if able) approximately 4 months after your wedding date

One month prior to your wedding we will meet with you to create a detailed timeline of your wedding day. This is when we will determine the exact times and locations for your portraits, as well as go over all of the details of your wedding day to make sure we capturing every important moment and every meaningful detail.

Engagement photos are typically done at least two months before your wedding date to make sure you have time to print and use our beautiful photos for wedding details. We choose two relative locations together with you that reflects who you are as a couple and what you love to do together. We have had the opportunity to capture images in many beautiful areas around Southern California and have some wonderful recommendations for locations depending on the vision you have for your photos. With two locations, you get 2 different looks/outfits. Engagement sessions usually last approx. 1.5hrs.

Travel has become something we absolutely love and are happy to do to capture your engagement and wedding. We never risk traveling the same day of your wedding if it is destination, which is why we require 2 roundtrip airfares for 2 photographers, plus a 2 night host hotel stay (4 nights if international) and coverage for a rental car (when applicable). For Southern California engagements and weddings we ask for reimbursement for mileage for destinations over 60 miles round trip at 75 cents/mile

To book us for your wedding we require a signed contract and a 20 % non refundable deposit to secure your date. We only take on a limited number of weddings per year because we believe our clients deserve our very best. The remaining balance is due 2 weeks before the wedding date. For payment we accept cash, credit card, debit card or check. Credit cards are subject to a small processing fee.

Albums

Our albums are one of our favorite additions to our collections. They are gorgeous linen covered albums, complete with 100% cotton fine art paper. We keep the layout simple, clean and elegant so the beauty of the images is what draws your attention on each page. The 10 spread/20 page album included with our packages can host up to 75 images. Additional spreads are available and priced upon request.

Our 5x7 Engagement and Parent Print albums are linen handcrafted albums and contain 20 beautiful lustre coated prints matted in 100% cotton fine art paper.

We are grateful to be considered for your wedding photography. If you think we are the right fit for you, we'd love to meet you.
