

# Pricing & Collection Info

I want to make sure that my couples are in love with my work AND get everything out of their photography that they deserve.

All of the high resolution digital files from the session are yours to keep. I do offer professional printing from my website, however if you want to download and print elsewhere, you're totally free to do that! I also offer a complimentary engagement sessions in all of my wedding packages. This is great way for us to start getting to know each other and gives you a great opportunity to get a little more comfortable in front of the camera together before your wedding day! Lastly all of my packages offer a second shooter for your wedding day. A second shooter is SO important to have at the wedding as they can shoot those important moments from a different perspective, they can help me "be at to locations at once" so nothing gets missed, and they can assist with almost anything else from pinning up a sheet to get the perfect lighting to helping fix stray hairs/small details in shots to make sure they're absolutely perfect.

Couples sessions start at 300

Elopedments (<15 guests) start at 600

Wedding Album :: add a layflat album to any package - starting at 300

**Wedding Collection I** :: 1800 - 6 hours coverage + engagement session + high res digital files + second shooter

**Wedding Collection II** :: 2100 - 7 hours coverage + engagement session + high res digital files + second shooter

**Wedding Collection III** :: 2700 - 8 hours coverage + engagement session + high res digital files + second shooter

**Wedding Collection IV** :: 3000 - 9 hours coverage + engagement session + high res digital files + second shooter

\*\* I do travel for weddings/elopements - shoot me a message to chat about destination/non-local weddings. I'd LOVE to be there!
