PHOTOGRAPHY

**Welcome to Leigh Hayward Photography where I believe everyone deserves for their love story to be documented beautifully in magazine worthy images! I'm thrilled you're here!**

A little about me- I've been documenting love stories for over 15 years in Charleston, SC. My photography style is a mix between photo journalistic and giving a few directions to guide you into flattering poses where you feel natural and at ease in front of the camera. The final result being WOW! images of love and joy from the best day of your life + a great experience to remember!

Coming from being a past bride and from a photographer standpoint, I believe that photography should be a high priority! You leave with two things from your wedding day... your spouse and your photos! I'm very excited to hopefully work together to create authentic timeless images true to you and your love! Have a look below and see what services I offer that serve your needs best. Then select the collection and any add-on items you're interested in and send it over my way. Don't see what you need? I'm happy to custom build a package to make sure it's a perfect fit for you and your wedding day! Please don't hesitate to reach out with any questions big or small.

*Let's dive into some faq...*

## **what if we don't know what to do in front of the camera?**

During a portrait session, I will absolutely help guide you into natural flattering poses. My only expectation for you is that you come open to ideas, and ready to have fun, laugh, and snuggle in front of my camera! While I will give you direction throughout the session, I like to let you fall into a version of the pose that is comfortable for you and keep it fun! There will also be plenty of times when I will get you do your thing, and capture your natural interactions. I may ask you to move, walk, and fake laugh- which coincidentally always results in real laughter!

## **what should we wear to our engagement session?**

I have created a whole portrait style guide to help empower & prepare you on what to wear, what props to bring, how to choose a location and what to expect so that you will love the photos from your session!

## **how will you edit my pictures?**

My editing style is light and bright. I also love the timeless look of black and white photographs and turn some of our standout images into black and white copies. My editing does NOT include extensive editing such as "photoshopping" you to change the color of something, or alter your size or shape. If there is something specific that you would like changed in an image, it can be processed by a retoucher for an additional fee.

## **can we have the raw/ unedited images too?**

Simply, No. After your session, I spend time going through the pictures and sorting them. At this time, I sort out the pictures that have eyes closed, misfires, pictures where people walked in front of the camera, and pictures that for whatever reason do not meet my very high standards or my photographic style. These files are discarded. While I will never hold good pictures hostage from you, my job is to curate the most beautiful way to tell your story. I also spend time editing to make my pictures look a certain way. Just as I hate leaving the house without makeup, I will not release my images without a little editing.

## **how will i receive my images? can i have my pictures on a usb?**

Your images will be delivered electronically via an online gallery. The gallery is password protected so any person looking to access the images must have the secured password. This is the quickest way for me to get the images to you. As soon as I finish editing I can load the images to the gallery and send you the link and password. Even if it is at 2 am! No need to wait for items to be shipped and delivered. It also allows you to share your images with guests, friends, and family. From your gallery, you can download all the images directly to your computer. You can save them

to a hard drive, USB or CD on your own. However, if you would like a USB of your images made by Leigh Hayward Photography, you can purchase it a' la carte.

## **when will we receive our images?**

Your full gallery will be available within 3 weeks from your event. Rush delivery is available for an additional charge which guarantees your images are delivered within just 3 days!

## **will we get the print release to all of our photos after our wedding?**

Yes, you will be granted print & social media release to allow you to post, print & love your images endlessly!

## **can i print my pictures on my own?**

Absolutely! However, I highly recommend ordering prints through my professional vendors, as the difference in quality is huge when it comes to ordering through a professional lab. I'd be happy to help you with prints!

## **what equipment do you use?**

I use all of the latest Nikon equipment. I always carry two Nikon D750s, a 50mm prime lens, an 85mm lens, a 24-120mm lens, and a 70-300mm zoom lens among other items. All of my cameras, lenses, and flashes have a backup in the rare event that anything should happen to one of my pieces.

## **are the couples on your site models?**

Haha! While I am lucky enough to work with gorgeous couples, the images shown on my site and blog are of regular, paying clients.

## **how do we reserve our wedding date?**

A \$1500 retainer and signed contract is required in order to secure your wedding day on the calendar. Two weeks prior to your wedding, the remainder of your balance is due.

## **what makes your work different from other photographer's work?**

I take all of my photos in intimate, relaxed settings and try to use natural lighting as often as possible. My sessions are candid & fun! I've had over 18 years of professional photography experience and am to put my clients at ease quickly.

## **how many photographers will be at our wedding?**

Most of my wedding collections come with one photographer, yours truly, although you can always add on a second photographer for an additional cost.

## **will we be featured in a magazine or blog?**

Although many of my sessions do get featured, this is not something that is guaranteed. Most publishers are interested in colorful, uniquely designed weddings full of details!

## do you photograph elopements?

Of course! Depending on availability and the number of hours you have set aside for photography, I have special rates for weekday weddings and elopements.

## do you have preferred vendors you use?

I sure do! From wedding coordinators to florists and makeup artists. I have worked with some of the best companies in the industry and would be happy to share their information with you!

## we are having a destination wedding. Do you travel?

Yes! I love destination weddings and have been lucky enough to travel all over the world shooting weddings. Send me more information on your travel plans, and I will create a custom wedding collection to suit your needs.

## Frequently Asked Questions

**IS THERE A DOWNPAYMENT?** We require a minimum downpayment of 25% non-refundable deposit with a signed digital agreement to reserve your date. The remaining balance must be paid 30-days before your event date. Payment plans are available with a 3% Processing fee.

**CAN YOU HOLD OUR DATE?** Nope. We don't hold dates. Couples who are busy price shopping, deal haggling, and don't book fast enough get their date snatched up. It's a cruel world out there.

**PREFERRED METHOD OF PAYMENT?** VenMo is our love language (💕). We accept all major credit cards through VenMo. Checks may be made out to *MPOWER CONSULTING LLC.* & CASH IS KING (whoop!)

### **HOW LONG TIL WE GET OUR WEDDING COLLECTION?**

It takes us no longer than 16 weeks to deliver your precious wedding collection to ya. (Patience, Grass Hoppa! You know hunger is the best seasoning.)

**WHAT'S YOUR TRAVEL FEE?** If you're beyond 25 miles from Charleston, we take the standard mileage deduction rate of \$0.58/mile for our round trip distance. If we're flying within U.S., our standard travel stipend is \$1200 + flights and 2 checked bags. Outside of the U.S., we customize a fair travel stipend.

**CAN WE PICK OUR OWN MUSIC?** Ah, the old music question. Music makes or breaks an edit. We may or may not be professional sound scorers and pick wedding video music professionally. We love when couples empower us to use our creative capability -- that's why you're hiring us, right?! If you are a music-lover: we love when couples offer suggestions to us, and then trust our creative guidance. Just for kicks and giggles- we get so fired up about how much lousy wedding video music haunts us- we've created 2 dumb videos demonstrating how much it pains us:
